Clares Choice:

Clare of Assisi Joan Mueller,2003 In *Clare of Assisi* Joan Mueller provides an accessible translation of Clare of Assisi's four letters to Agnes of Prague. The letters bring to life a dynamic moment in the history of women's spirituality. Agnes of Prague, a Bohemian princess, rejected an offer of marriage from the German emperor Frederick II and then built a monastery and hospital from her royal dowry. She wrote to Clare for instructions on how to establish this monastery in the Franciscan spirit. In her letters responding to Agnes, Clare reveals what is essential to the Franciscan life: how to become a person of prayer and of joy and the spiritual benefits of living a simple and poor lifestyle. Clare of Assisi makes these letters available to all readers. Chapters are: Clare's First Letter to Agnes, Clare's Second Letter to Agnes, Clare's Third Letter to Agnes, Clare's Fourth Letter to Agnes, and Choosing Poverty: A Contemporary Choice. *A Companion to Clare of Assisi* Joan Mueller,2010 *Clare of Assisi: Life, Writings, and Spirituality* examines Clare not merely as an obedient footnote to the friars but as a Franciscan founder in her own right who kept primitive Franciscan ideals alive into the middle of the thirteenth century and transposed them into a woman's key. Bringing together the best of international research, the text examines Clare's importance within the early Franciscan milieu and her contribution to the thirteenth-century women's movement. It studies the radicalism of Clare's Franciscan choice, her life within the Monastery of San Damiano, her politicking with Agnes of Prague for the privilege of poverty, and her uniqueness among other women in Gregory IX's Damianite ordo. Following this historical study are critical translations and literary analyses of Clare's four letters to Agnes of Prague, as well as a new translation and commentary on Clare's *Forma Vitae*. *The Oxford Handbook of Intergenerational Ethics* Stephen M. Gardiner,2025 This volume of new essays focuses on the increasing relevance of intergenerational ethics to key challenges of the 21st century, such as climate change, rapid technological change, the expanding human population, and threats of extinction. It features philosophers and political theorists of international standing providing a cutting-edge perspective on these issues. *Clare of Assisi* Ingrid J. Peterson,1993 Although it is frequently said that Clare followed Francis, the story of Clare begins with a call from God and her response, which came from an inward gaze. The starting point of Clare's life was the God she found dwelling within her flesh, a God whose traces, later in time, she came to recognize in Francis. Clare's vision, greatness, and sanctity need to be considered in the context of the large cultural and religious movement of holy women of the Middle Ages, who were leading saintly lives in diverse places, many in their domestic settings. Clare was one of these holy women in an era known for the feminization of sanctity. Clare's sainthood is valid in her own right, without a Francis of Assisi from the author's Introduction. *Herd Register* American Jersey Cattle Club,1930 **A History of Literature in the Caribbean** A. James Arnold,1997-08-15 *Cross Cultural Studies* is the culminating effort of a distinguished team of international scholars who have worked since the mid-1980s to create the most complete analysis of Caribbean literature ever undertaken.
