What are ecosystems?
What are biomes?
Where are they location?
What are the interrelationships?

What is Geography

Geography is the study of the Earth's landscapes, and environments. It is, quite simply, the study of the world we live in.

Key words

Producers – make their own food through the process of photosynthesis.

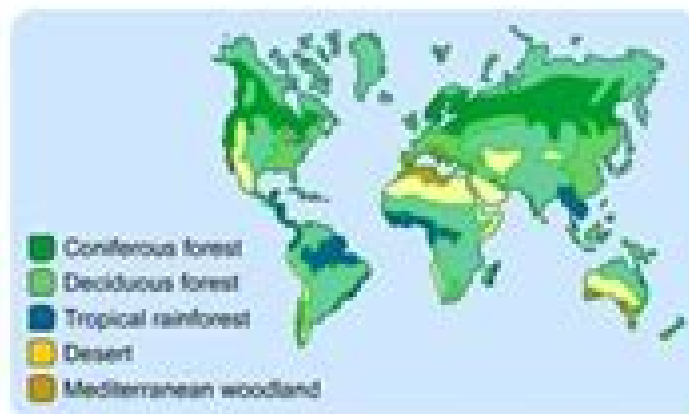

Consumer – an organism that eats other plants or animals to obtain food.

Population – all the members of a single species living in a habitat.

Community – all the populations living in a habitat.

Habitat – a place where organisms live.
