Clapping Games:

Encyclopedia of Play in Today's Society Rodney P. Carlisle, 2009-04-02 Selected as an Outstanding Academic Title by Choice Magazine January 2010 The Encyclopedia of Play A Social History explores the concept of play in history and modern society in the United States and internationally Its scope encompasses leisure and recreation activities of children as well as adults throughout the ages from dice games in the Roman empire to video games today As an academic social history it includes the perspectives of several curricular disciplines from sociology to child psychology from lifestyle history to social epidemiology This two volume set will serve as a general non technical resource for students in education and human development health and sports psychology leisure and recreation studies and kinesiology history and other social sciences to understand the importance of play as it has developed globally throughout history and to appreciate the affects of play on child and adult development particularly on health creativity and imagination

Children's Games in the New Media Age Chris Richards, Andrew Burn, 2016-05-23 The result of a unique research project exploring the relationship between children's vernacular play cultures and their media based play this collection challenges two popular misconceptions about children's play that it is depleted or even dying out and that it is threatened by contemporary media such as television and computer games A key element in the research was the digitization and analysis of Iona and Peter Opie's sound recordings of children's playground and street games from the 1970s and 1980s This framed and enabled the research team's studies both of the Opie's documents of mid twentieth century play culture and through a two year ethnographic study of play and games in two primary school playgrounds contemporary children's play cultures In addition the research included the use of a prototype computer game to capture playground games and the making of a documentary film Drawing on this extraordinary data set the volume poses three questions What do these hitherto unseen sources reveal about the games songs and rhymes the Opie's and others collected in the mid twentieth century What has happened to these vernacular forms How are the forms of vernacular play that are transmitted in playgrounds homes and streets transfigured in the new media age In addressing these questions the contributors reflect on the changing face of childhood in the twenty first century in relation to questions of gender and power and with attention to the children's own participation in producing the ethnographic record of their lives
