A Hint of Saffron: A Buddhist's thoughts on religious belief in the twenty first century Roger Dale,2014-12-02 Whether you are an atheist or a fundamentalist Christian this book offers an entirely novel approach to the science versus religion divide At times provocative but understanding with seriousness interwoven with touches of humour the author shows how opinions and inflexible presuppositions can develop into becoming absolute truths Not only of sober relevance for the teaching of comparative religion there is food for thought at a time when the positive contribution of religious belief to individuals and society is being undermined Prophetic Wisdom Charles R. Strain,2024-06-01 Classical Buddhism lacked an understanding of systemic injustice and its contribution to collective suffering Despite the teaching of impermanence classical Buddhist schools viewed social institutions as given and offered no path to social transformation Today Buddhists are shaped by multiple religious and secular traditions including those stemming from the Hebrew prophets The prophetic tradition offers a socially and religiously powerful concept the concept of justice that reconfigures the Buddhist dharma In a time of unparalleled peril Buddhists are challenged as never before to turn wisdom into strategic action to foster systemic social change Compassion is not enough Prophetic Wisdom shows how Engaged Buddhists can expand their understanding of the causes of collective suffering and develop nonviolent means for social transformation through a dialectic of love power and justice It concludes by confronting the poison of racism in the American body politic *The Sayings of the Buddha* William Wray,2018-11-15 A range of carefully chosen thoughts teachings and aphorisms which express in different ways the core doctrines of Buddhism There is also a fascinating introduction and biography of the Buddha by William Wray with an analysis of the Buddha s discourses **The Mind and the Way** Ajahn Sumedho,1996 The advice of the author in this book to live simply contemplate the way things are and let go of suffering is attractively clear to our confused and anxious society
