## **Buddhist Hermeneutics:**

**Buddhist Hermeneutics** Donald S. Lopez, 1992-01-01      **Buddhist Hermeneutics** Donald S. Lopez, 1993 Given its vast literature and its practice of teaching what is appropriate for a particular disciple the Buddhist tradition has long had to wrestle with the question of which of his many scriptures represented the Buddha's highest view. In response to that problem Buddhist commentators developed sophisticated systems of interpretation: Buddhist hermeneutics. The present volume of essays by leading Western Buddhologists surveys the rich variety of strategies employed by Buddhist thinkers of India, Tibet, China, and Japan to interpret their sacred texts.      **Buddhist Hermeneutics and East Asian Buddhist Interpreters** Sumi Lee, 2022-12-01 This book explores the hermeneutic question of how non-conceptual religious reality is conceptually interpreted in the Buddhist tradition. While interpreters of religion have to perform their task through the process of conceptualization of their subjects, religious reality is typically considered as transcending conceptual categorization. Noting this dilemmatic problem, this work discusses the issues involved in Buddhist hermeneutics. It consists of two parts: the first of which discusses possibilities and problems associated with Buddhist hermeneutics through three different topics: two exegetical strategies of the Indian Buddhist tradition; interpretive problems in the realistic approach to Buddhism and historicist interpretations of Buddhism in modern times. The second part examines particular interpretive approaches to reality in East Asian Buddhism, such as the Chinese meditative practice of *kanhua Chan*, the Korean scholar-monk *Wŏnhyo's* 617-686 view on non-duality of Buddha-nature, and the Japanese monk *Kūkai's* 774-835 perspective on emptiness. By addressing these issues, this volume illuminates the fundamental hermeneutic challenge in Buddhism: how to deliver dharma of no-dharma.      **Hermeneutics and Tradition in the Saṃdhinirmocana-Sūtra** Powers, 2023-07-24 This volume deals with the complex interrelationship between theories of scriptural interpretation and Buddhist notions of tradition and authority with respect to the *Saṃdhinirmocana-sūtra*, the main scriptural source of the Yogacara school of Indian Buddhism. Of particular concern is the political dimension of Buddhist thought as reflected in this text: speculation on how the sutra might have been written in order to influence power relations in the Buddhist community and how its arguments are structured in accordance with Buddhist ideas of tradition and authority. This study looks at the text from a number of perspectives, including several current methodological models: philological analysis and historical considerations. The purpose of this approach is to provide a multi-faceted analysis of this complex work.      **Buddhist Hermeneutics** Donald S. Lopez (Jr.), 1988      **Hermeneutics: From Exegesis to Aesthetics in the Past, Present, and Future** Mahmoud Sokar, 2025-09-19 Document from the year 2025 in the subject Philosophy Theoretical Realisation Science Logic Language language English abstract The present book aims at highlighting and discovering the world of interpreting theory, especially its most recent approaches. Moreover, the book aims at testing and investigating hermeneutics as a theory and methodology. It discusses hermeneutics theory, highlighting the main principles of hermeneutics and how it has transformed from its religious template into the secular paradigm of

interpretation Moreover it traces the main principles of hermeneutical thinkers for an attempt to establish a full comprehensive literary hermeneutical approach This approach is able to discuss and analyze the most recent modes of both literature and art In addition the book aims at linking religious hermeneutics to secular hermeneutics in order to cover all hermeneutical arenas Bridging the gap between religious and secular hermeneutics will introduce an approach of understanding all human activities Depending on the main characteristics of hermeneutics the book will introduce a new reading and investigating of the theory in order to establish a middle ground between hermeneutics and literature Based on the main principles of futurology the book aims at establishing a vision for the future possibilities of hermeneutics theory through tracing and investigating the development of the theory Traditions of Meditation in Chinese Buddhism Peter N. Gregory, 1986-11-01 A veritable treasure trove Both demanding and tremendously rewarding The book is of high scholarly standard but is clear precise and a pleasure to read and is certainly accessible to interested laymen It cannot be recommended highly enough The Middle Way November 1993 Each chapter in this volume is sophisticated tightly argued and well documented An important contribution to the literature on Buddhist meditation Journal of Asian Studies 47 1988
