The Savannah College of Art and Design Connie Capozzola Pinkerton, Maureen Burke, 2004 In 1979 a small art college with 71 students opened its doors in a renovated 19th century building in the urban heart of colonial Savannah Georgia One of the most historic cities on the eastern seaboard Savannah is noted for its architectural treasures urban forest and verdant squares and for the unique 1733 city plan designed by General Oglethorpe The campus fabric of the Savannah College of Art and Design SCAD grew from the Romanesque revival Savannah Volunteer Guards Armory designed by Boston architect William Gibbons Preston in 1892 to comprise some 60 rehabilitated historic structures situated within four historic districts Currently more than 6 200 students pursue their dreams in this wonderful setting

Historic Signs of Savannah Justin Gunther, 2004 From the cotton boom after the Civil War to Savannah s economic decline around the middle of the 20th century the city s streetscapes were crowded with signs In a time before strict sign regulations business owners embellished building facades and and rooftops with extensive signage to catch the eye of pedestrians and motorists The abundance of advertising was symbolic of Savannah s rapid growth and prosperity but the majority of these signs were discarded over the years and only a few remain Photographs and postcards from the past survive however and images of historic signs serve as reminders of these lost commercial relics Such signs give the bricks and mortar of the past another dimension by identifying their social purpose Through vintage images of Savannah signage this volume provides a history of the city s businesses and industries Included are local landmarks like Levy Jewelers the Globe Shoe Company the Lucas Theatre the Marshall House and Johnny Harris Restaurant

Story City Darrek D. Orwig, 2012 In the early 1850s as settlers began to move into central Iowa a small pioneer community developed in the tall prairie grass These first settlers named their community Fairview and began to transform the rich soil along the Skunk River into productive farmland In the following years an influx of Scandinavian immigrants arrived in the area playing a major part in the development of a thriving rural community After the introduction of a railroad line the community continued to grow and was renamed Story City after US Supreme Court justice Joseph Story Today Story City is a heritage minded community with a thriving Main Street district a number of successful businesses and beautiful historic architecture

Building Savannah David E. Kelley, 2000-06 Savannah s distinct architecture has been studied and admired by scholars builders and tourists from all over the world and the history of its most prolific period of expansion and development is explored in this photographic essay A city that was spared the wrath of the Union forces Savannah emerged from the Civil War psychologically defeated but still physically intact During the second half of the nineteenth century this picturesque Georgia city enjoyed tremendous growth in a booming economic environment Building Savannah chronicles this period in the city s history with photographs sketches

maps and advertisements many culled from the archives of the Georgia Historical Society Coupled with informative research these images illustrate every aspect of the building industry that thrived in Savannah Local architects and builders embraced the transformation that was sweeping the entire country and used both natural resources and technical innovation to create a unique built environment The building industries once fueled by the virgin resources of the South would be exhausted by the end of the Second World War As modern materials became popular the lumber mills withered old foundries closed and the industry was forever changed What was left in Savannah was the indelible mark of the building era seen in the careful craftsmanship and ornate design of its homes and businesses Pembroke 1905-2005 The Pembroke Centennial Committee,2005 A location between Savannah and Statesboro encouraged the town of Pembroke to grow into a hub of commercial activity Timber and turpentine from the Georgia pine forests as well as cotton were the main commercial activities of the early town The city of Pembroke began as a result of the extension of the Savannah and Western Railroad through the upper part of Bryan County in 1889 The town s first resident was M E Carter a member of the railroad construction crew who lived in a box car that was switched off at a siding Carter would later serve as mayor of Pembroke By the late 1890s substantial permanent buildings were being constructed and by 1900 Pembroke was the commercial center of Bryan County It was incorporated as a city in 1905 and the next 20 years saw Pembroke develop into a prosperous town with the formation of the first bank in Bryan County a school and many businesses *American Book Publishing Record* ,2006
