**L Manion**

## **Building The Bank Of America Giannini:**

**Building the Bank of America** Paul Rink, 1963 Biography of the man who helped build the Bank of America and influenced modern banking **A. P. Giannini** Paul Rink, 1963 **Building the Bank of America: A. P. Giannini. Illustrated by Robert Boehmer** Paul Rink, [The Gate: The True Story of the Design and Construction of the Golden Gate Bridge](#) John van der Zee, 2024-03-30 John van der Zee has mastered the technical details of his subject he has used his talents as writer to narrate not only the technical but also the human drama involved in bringing the concept of a great bridge to fruition Engineering projects necessarily involve a large cast of characters and van der Zee has portrayed his as deftly as a novelist might The engineers in this book come alive as people with all the faults and foibles associated with the human species The story of the Golden Gate Bridge is principally the story of its chief engineer Joseph Strauss and he is both hero and villain of the piece Strauss claimed he could build a bridge for under 25 million and in 1921 produced an ungainly design that was priced at 17 million The next lowest estimate was still four or five times as high How Strauss's ugly duckling evolved into the beautiful Golden Gate Bridge is a fascinating tale It is complete with revelations about how Charles Ellis a classics scholar and self-taught bridge engineer really translated Strauss's conceptual design into an engineering reality The falling out between Strauss and Ellis resulting in the latter being denied any official credit for his work on the bridge was true tragedy the history of the bridge itself is a case study of personal and technological adventure bordering on hubris John van der Zee has captured all of this in a fascinating book that shows that the best of cutting edge engineering is much much more than science and technology Nature John van der Zee tells the story of the Golden Gate Bridge's creation and while its realization was a complicated act of finance politics and architecture it was above all a masterpiece of engineering Until The Gate the authorship of its structural design was obscured by the practice still common among many design firms of attributing credit to the head of the firm responsible for the project Joseph Strauss But the book organized like a whodunit reveals that neither Strauss nor the famous New York engineers who worked as consultants really engineered the bridge The book is not only a tribute to what the author calls a democratic masterpiece It also sets the record straight it was Ellis who did it The New York Times An impressively researched carefully crafted biography of the Golden Gate bridge and the ambitious men who built it Two strong personalities dominate this tale Michael O'Shaughnessy City Engineer of S.F. who rebuilt the city after the earthquake of 1912 and who long dreamed of bridging the Golden Gate and Joseph Strauss the ambitious engineer who designed the standard form of drawbridge In a propaganda struggle that lasted for more than a decade and which is presented in all its fascinating minutiae by van der Zee the two slowly persuaded the city that a Golden Gate bridge was feasible mechanically and financially van der Zee re-creates the grueling Herculean task of construction does a commendable job of vivifying the story of the bridge Kirkus *The Numismatist*, 2006 Vols 24-52 include the Proceedings of the American Numismatic Association Convention 1911-39 [Pocket Guide To Los Angeles Architecture](#)

Judith Paine McBrien, 2009-03-24 This guidebook organizes 100 architectural highlights into three walkable downtown tours and two side trips Sprawling Los Angeles may never be considered a walking city but this concise handbook organizes one hundred must see architectural highlights into three downtown walkable tours and two delightful side trips It covers such classic sights as Grauman's Chinese Theatre and the Griffith Observatory modernist landmarks such as the Schindler House creative reuses such as the hip Standard Hotel once the Superior Oil Building and the latest new public and cultural buildings including Frank Gehry's Walt Disney Hall and Richard Meier's Getty Center Each entry summarizes the structure's history and significance and is illustrated with original drawings that capture the essence of the place **The Italian**

**American Experience** Salvatore J. LaGumina, Frank J. Cavaioli, Salvatore Primeggia, Joseph A. Varacalli, 2003-09-02 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company [A People's Guide to the San Francisco Bay Area](#) Rachel Brahinsky, Alexander Tarr, 2020-10-06 An alternative history and geography of the Bay Area that highlights sites of oppression resistance and transformation Lavishly produced with beautiful images and crystal clear prose A People's Guide to the San Francisco Bay Area is for readers and activists who have taken part in protests and demonstrations for decades and from Berkeley and Oakland to San Francisco Sonoma and beyond CounterPunch A People's Guide to the San Francisco Bay Area looks beyond the mythologized image of San Francisco to the places where collective struggle has built the region Countering romanticized commercial narratives about the Bay Area geographers Rachel Brahinsky and Alexander Tarr highlight the cultural and economic landscape of indigenous resistance to colonial rule radical interracial and cross class organizing against housing discrimination and police violence young people demanding economically and ecologically sustainable futures and the often unrecognized labor of farmworkers and everyday people The book asks who had and who has the power to shape the geography of one of the most watched regions in the world As Silicon Valley's wealth dramatically transforms the look and feel of every corner of the region like bankers wealth did in the past what do we need to remember about the people and places that have made the Bay Area with its rich political legacies A useful companion for travelers educators or longtime residents this guide Features over 100 must visit sites to explore and learn from Demonstrates how to read the landscape for historical clues Connects multicultural streets lush hills suburban cul de sacs and wetlands across the Bay Area Covers a wide range of locations from the North Bay to the South Bay East Bay and San Francisco Includes original maps to guide readers through the region Offers thematic tours such as The Intertribal Bay and The Youth in Revolt tours as starting points for creating personalized routes **The Bankers Magazine**, 1991 *Western Banker*, 1930 [American Inventors, Entrepreneurs, and Business Visionaries, Revised Edition](#) Charles Carey Jr., 2020-03-01 Praise for the previous edition This fun to read source will add spice for economics and business classes American Reference Books Annual worthy of inclusion in reference collections of public academic and high school libraries Its content is wide ranging and its entries provide interesting reading Booklist A concise introduction to American inventors and entrepreneurs recommended for

academic and public libraries Choice American Inventors Entrepreneurs and Business Visionaries Revised Edition profiles more than 300 important Americans from colonial times to the present Featuring such inventors and entrepreneurs as Thomas Edison and Madame C J Walker this revised resource provides in depth information on robber barons and their counterparts as well as visionaries such as Bill Gates Coverage includes Jeffrey Bezos Michael Bloomberg Sergey Brin and Larry Page Michael Dell Steve Jobs Est e Lauder T Boone Pickens Russell Simmons Oprah Winfrey Mark Zuckerberg

**Bankers Magazine** ,1930 **Business Leaders who Built Financial Empires** Jodine Mayberry,1995 Presents biographical sketches of twenty American business people who made significant contributions to the development of modern society including Levi Strauss Walt Disney and Steven Jobs **Great Buildings of San Francisco** Robert Bernhardt,1980 *The National Cyclopedia of American Biography* ,1930 **Fortune** ,1930 **Governing California** Gerald C.

Lubenow,Bruce E. Cain,1997 **A. P. Giannini: Banker of America** Felice A. Bonadio,2024-02-07 It is rare for a banker to win national acclaim or even recognition J P Morgan apart it is hard to think of a banker who achieved this kind of status A P Giannini had it on the West Coast but even though he remained a regional banker his influence was national Felice A Bonadio describes him as the Henry Ford of banking While recognizing that Giannini was no saint Mr Bonadio accepts him at his own valuation as the people s banker There is no question that in creating the world s largest bank he greatly benefited California much of the state s explosive growth in this century having been financed by Bank of America And as Mr Bonadio points out by extending easy credit more broadly than anyone else he expanded the boundaries of life for millions To do so was his dream and the realization of it justifies the effort Mr Bonadio has put into this book William L O Neill The New York Times Giannini who began his career as a wholesaler of fruit and vegetables became a financial giant As early as 1920 his San Francisco bank had 220 000 depositors Competing bankers joined fundamentalist Protestant groups in charging him with fomenting a Catholic Italian plot to take over the West s financial institutions Giannini s 410 branch banking octopus did indeed engage in such tactics The author uncovered internal bank memos documenting quite ruthless attempts to capture the bank accounts of immigrant school children and women family members The investments which the Bank of America backed included the movie business In addition to becoming Walt Disney s first financial sponsor Giannini helped to subsidize the building of the Golden Gate bridge Bonadio gives one a real sense of what it meant for the warm hearted but sometimes volatile Giannini to help finance such huge enterprises Bonadio s narrative is direct and forceful The description of Giannini s personal character moves the story along skillfully Andrew Rolle Italian Americana By starting a bank and nurturing it into the biggest bank in the world Amadeo Peter Gianninni became possibly the most spectacular entrepreneur of the early part of the twentieth century His story is inspiring and of interest to anyone who wants to understand the history of the West or the development of financial institutions in the United States This book should be a part of every complete library on the history of the west or financial history Lynne Pierson Doti The Journal of Economic History Until this biography appeared we

have had to rely on a very old and limited account of the Bank of America Felice A Bonadio has made what appears to be thorough use of the bank s archives to go far beyond that old account He adds much to our knowledge of Giannini s enterprises which included not only his early ventures as a produce merchant but also his major involvement with the film industry throughout the 1920s and 30s Bonadio writes well and knows how to tell a story Richard M Abrams Pacific Historical Review Bonadio s accomplishment rests on the careful presentation of archival resources and of a large secondary literature The clarity of the story is reinforced through the use of extensive quotes a well documented business biography Gunther Barth Montana Magazine of Western History Those interested in the reconstruction of one financier s view of his world will find in Bonadio s book much to think about Kerry Odell The American Historical Review *The Commercial and Financial Chronicle* ,1930 **Forbes** ,1923
