on earth it has inspired romance across generations Everlasting love that s the legacy of the Taj That was what Abhay had heard about the great monument while growing up in the historic city of Agra And that is what he believed in Until he came across the counterclaims of the legacy of the Taj A preposterous yet compelling view about the Indian origins of the monument Was there even an iota of truth in these claims Or was it just a case of reductio ad absurdum Abhay decides to take definitive action on his own to establish the most substantive counterfactual argument and get to the bottom of these claims It helps that this quest of his also presents him a subject to seek a teaching assignment while being in the company of the intelligent Jasmeet and the monument which true to its reputation does not fail to enkindle romance Does Abhay succeed in disproving the claims Or does he yield to the confounding possibilities around the unrecorded antecedents of the monument Join Abhay in his quest to seek the truth and rediscover The Legacy of Taj
