right corner NOW Local Seo Ray Perry, Phil Singleton, 2016-05-18 How to Find Countless Customers In Your Area with Local SEO Wouldn't it be great if you could generate new business leads every single day Chances are that you have been working on your online marketing campaigns for quite some time But maybe you're still not getting the results you really want What if you could count on generating new LOCAL traffic to your website every day That wish can easily become reality with Local SEO Being an entrepreneur your daily life is probably pretty hectic Running a business can easily feel overwhelming especially if you have employees counting on you for their income Keeping your existing marketing plan on track might feel like a full time job how can you possibly add more tasks to your online marketing checklist Local SEO can give you the extra daily traffic your company needs while barely adding anything to your regular marketing schedule It will work for you because once you get some key elements set up and tweak a couple of your everyday online marketing efforts your Local SEO strategy will be up and running Learn What it Takes to Put Local SEO to Work For Your Company In the book Local SEO Proven Strategies Tips for Better Local Google Ranking you will find the essential elements of a successful Local SEO strategy Plus you will discover ways to put social media marketing to work in support of your Local SEO efforts Every aspect of a Local SEO strategy comes together in an effort to feed your business's vital information to Google which then sends consumers to you Local SEO is an easy and reliable inbound marketing method for businesses of all sizes in any location As you read the book and follow the steps outlined in each chapter you will see your new Local SEO strategy begin to take shape Every section builds upon the previous one and results in a complete Local SEO optimization plan that any business can successfully implement It's the perfect way to bring scores of new local clients to your company In the book you'll discover What Local SEO is Why implementing it is so important to your company's endurance What makes Local SEO more important than global SEO What role Google plays in your Local SEO strategy's success How social media platforms can support your Local SEO strategy What you can do with your website content to make it more Local SEO friendly Claiming a bigger share of your local market becomes so much easier with the power of Local SEO at your fingertips Local Seo Tom Crandall, 2016-11-17 Ever wonder how businesses rank locally when performing a Google Search I did so I set off on a mission to uncover a consistent method to help boost a business's local ranking In my very first publication Local SEO A Roadmap To Successful Local Ranking I am going to walk you through some of the best Local SEO techniques to get a business not only discovered locally but ranked Whenever you perform a Google Search Google's algorithm takes over and provides result listings that best match the criteria according to Google's page and domain ranking factors For those that don't quite understand ranking factors let me explain Each page and domain has a ranking value These are typically called Page and Domain Authority The higher the authority the higher the page will rank Google and other search engines determine a page's rank or authority based on various search metrics including content keywords number of backlinks age of the website title header tags images and so on For any given localized search the results are usually broken out by Paid

Advertising Shown at the top and bottom of the listings Local Business listings Business listings from Google Maps Organic Search Results Everything else In this book Local SEO A Roadmap To Successful Local Ranking I am focusing on the Local Business Listings and how anyone using my methods can boost their local presence on the web A little bit about me My first experience with computers was on Christmas day when I opened up a game called Pong It was one of the first TV computer games and at the time it was cutting edge Fast forward a bit and my dad bought an Atari 800 computer that I somehow convinced him was better than the Apple alternative Needless to say I used the Atari more than he did Fast forward a bit more and I was in college studying computer science When I graduated my first real job was programming expert systems That job only lasted a short while and then I became a System Analyst working on all sorts of Government Projects In 2008 I moved to a place called Austin and really got my feet wet designing websites for clients During that time I also became interested in all things SEO but never really got to flex my muscles It wasn't until 2016 that I found myself unemployed and wondering what I should do in life After countless resumes failed to get traction in the job market for positions I was interested in a realization hit me that maybe I don't need a company to work for but rather work for myself My wife Kathleen and our pug Olaf were very supportive of the idea So I started a company called <http://HangTenSEO.com> with the goal to help clients out rank their competition Along the way I also started writing articles on SEO best practices which were in many ways teaching moments for me In writing the articles I really had to understand the subjects I was writing about and how to use the techniques to get the best results
