**Fighter Pilots of the RAF 1939-1945** Chaz Bowyer,2000-09-13 The author has selected some twenty RAF fighter pilots of the Second World War not only to give overdue recognition to their prowess and courage but also to exemplify the wide diversity of the individual characters of those men whose war was fought from the cockpit of an RAF fighter A few were familiar names but most received little or no public acclaim being part of the silent majority which provided the real spine of the RAF s fighter effort throughout the conflict *Kokoda Wallaby* Andrew James,2011 A great story that is long overdue in the telling Paul Ham Rugby is fortunate to have so many role models of the highest order Stan Bisset is at the top of the game John Eales former Wallabies captain Stan Bisset like this remarkable story of his life is timeless Patrick Lindsay Stan was a man before his time His leadership forward thinking and standards were second to none This book is a fascinating and insightful read and I highly recommend it Rod Macqueen AM former Wallabies coach Stan Bisset was a real hero both in battle on the rugby pitch and in desperate armed combat against the Japanese during the Second World War As a member of the ill fated 1939 Wallaby touring team to England he was a rugby legend In the Middle East and on the Kokoda Track he was one of Australia s most distinguished and heroic combatants But above all else he personified so many attributes of the Australian soldier moral and physical courage compassion selflessness independence loyalty resourcefulness devotion and humour Stan Bisset s remarkable life story is told by former Australian soldier and Afghanistan veteran Andrew James This is a truly inspiring book that crosses generations *Carn* Andrew Mueller,2019-07-01 There have been histories of Australian football before There has not been one like Carn Carn tells the story of the Victorian Football League and its successor the Australian Football League from 1897 to the present day by focusing on 50 of the thousands of games which have been played down the decades Some of these matches have been significant to the game of Australian football others have been significant to Australia as a whole Carn recognises that while the game is only a game it has also always been much more than that anything which consumes so much of the nation s attention can t help but reflect something of the nation s character Carn is a book replete as the Australian game is with great yarns and extraordinary people It is a book for fans of Australian football and fans of Australia *Mongrel Punts and Hard Ball Gets* Paula Hunt,2012 [Bluey Truscott, Squadron Leader Keith William Truscott, R.A.A.F., D.F.C. and Bar Ivan Southall,Keith William TRUSCOTT,1958](#) [Aces High, Volume 1](#) Christopher Shores,Clive Williams,2008-09-18 First in the Aces High series a military reference of the fighter pilots who had five or more confirmed victories while serving in the Royal Air Force Introduced by the French quite early in World War I the term ace was used to describe a pilot credited with five or more aerial victories But in the United Kingdom the term was never officially recognized Becoming an ace was partly luck especially considering the campaigns in which they flew and the areas of combat There are three distinct kinds of aces the defensive ace the offensive ace and the night fighter This book is a revised collection of the biographies of the highest scoring Allied fighter pilots of World War II including those

with the confirmed claims of shooting down five aircraft and those pilots with lower scores but whose wartime careers prove them worthy of inclusion All details of their combat are arranged in tabular form Included are a selection of photographs from hitherto private collections There are some authors whose name alone is sufficient reason to buy a book and Christopher Shores is surely one of these By profession a chartered surveyor he served in the Royal Air Force in the 1950s so his writing bears the stamp of authenticity HistoryNet [The Red Fox](#) Ben Collins,2008 Norm Smith is arguably the greatest Australian Football coach in history Smith who in 1996 was selected as the coach of the Australian Football League s Team of the Century led the Melbourne Demons to a staggering six premierships from 1955 to 1964 When it came to football he was a hard man brutally honest to his players and an utterly ruthless and fearsome disciplinarian but this was offset by a gentler charitable side of his nature which was rarely seen in public This is his story and secondarily that of his older brother and fellow coach Len Smith from their childhood in tough working class Northcote during the Depression Norm as a childhood supporter of Collingwood the club he would conquer many times over as a man through his distinguished playing career at Melbourne where he built a reputation as the most unselfish player in the game his first coaching job at Fitzroy his triumphant reign at Melbourne detailing his relationship with his foster son Ron Barassi his friendly coaching rivalry with his brother and his controversial sacking and reinstatement in 1965 to his last coaching job at South Melbourne which in 1970 he lifted to its first finals series in 25 years and culminating in his premature death at the age of 57 [Valiant Youth](#) John Carl Waters,1945 [Spitfire Leader](#) Dennis Newton,Richard Bungey,2019-02-15 The brilliant career and moving personal story of Battle of Britain Spitfire ace and squadron leader Bob Bungey **Barassi** Peter Lalor,2012-08 Barassi is Australian Football s first born son the boy who became its prophet and its messiah This is a deeply personal portrait of the legend [Australians](#) Thomas Keneally,2017-11-14 The third volume of Thomas Keneally s history of the Australian people [Australians Flappers to Vietnam](#) chronicles the lives and deeds of Australians both known and unknown during the 20th century Entering an age of consumerism media and communism Australia underwent radical change in the hands of two less remembered prime ministers the stoic Stanley Melbourne Bruce of the Melbourne Establishment and the humbler Irishman Jim Scullin of the Labor Party Keneally examines the Great Crash the rise of fascism the reasons why Australia entered the Second World War through the massive unemployment that arrived later in the century With a compassionate lens and rich storytelling [Flappers to Vietnam](#) presents history in a fresh and vivid way **Chased by the Sun** Hank Nelson,2006 The glow of the sun was frightening and it chased them home Bill Brill began losing height to escape the sky growing lighter above and behind him But the sun was faster than the Wellington By the time he crossed the west coast of Denmark he was down to 400 feet The sun chased him across the North Sea and the East Riding of Yorkshire to Brighton Ten per cent of the bombers were lost on the Warnemunde raid The Australians who served in Bomber Command were highly trained members of an elite corps They were thrown into a war of repeated bombing raids in which they had to perform complex tasks under

extreme pressure and danger They flew mission after mission with full knowledge that the odds of survival were against them 4000 Australians died in Bomber Command but they pressed on regardless Many of the Australian airmen who were killed in the air over Dusseldorf or Essen are now unremembered in their homeland but their lonely bravery contributed to the defeat of the Nazi regime Hank Nelson vividly brings to life through his lively writing and his extensive use of personal reminiscences the extraordinary experiences of the Australians who served with the British bomber squadrons He depicts their fears despair and courage in the face of the most terrible experiences
