Board Work Governing Health Care Organizations:

Board Work Dennis D. Pointer, James E. Orlikoff, 1999-06-10 American College of Healthcare Executives 2000 James A Hamilton book of the year award Written by Dennis Pointer and James Orlikoff two of the most experienced and highly regarded governance consultants in the country Board Work presents a practical model focusing on those factors that most affect board performance Rich with prescriptive information practical ideas assessment tools and examples Pointer and Orlikoff provide the expert coaching boards need to do their best work and add value to their organizations Based on the authors forty years of combined experience this eye opening book arms boards with tools and techniques to significantly enhance their performance and contributions Pointer and Orlikoff forward concrete recommendations for implementing benchmark governance systems and practices creating the essential guide for those who want to make a real difference on behalf of communities they serve This is the best book on health care organization governance I have ever read Stephen Shortell Blue Cross of California Distinguished Professor of Health Policy and Management University of California Berkeley

Healthcare Governance: A Guide for Effective Boards, Second Edition Errol Biggs, 2011-10-01 Hospital and health system board members face increasing challenges with healthcare reform and other laws demanding improved accountability and efficiency This handbook reveals the secrets of effective board structure and function including responsibilities of board members term limits recruiting new members and working with the CEO Other aspects of a board's work including monitoring quality providing financial oversight and completing a self assessment process are also covered Sample forms and documents a glossary of common healthcare terms and a conflict of interest policy are included Board members regardless of their expertise will find this handbook easy to navigate *New Leadership for Today's Health Care Professionals* Louis G.

Rubino, Salvador J. Esparza, Yolanda Chassiakos, 2018-12-10 *New Leadership for Today's Health Care Professionals* Cases and Concepts Second Edition explores various components of the health care system and how leaders should respond in these arenas The Second Edition is a thorough revision that offers a comprehensive view of the leadership competencies necessary to be successful in today's healthcare industry Each chapter is written by a leader in the healthcare industry under the guidance of the editors who have many years experience in academia **Encyclopedia of Health Care Management**

Michael J. Stahl, 2003-10-21 The most comprehensive one volume reference work on health care management published in the last 10 years this work brings together much useful information and will appeal to a broad audience Health science libraries college libraries and large public libraries will want to invest in this title BOOKLIST This volume should be considered by academic and public libraries with large healthcare management or business collections as the only current reference on this topic LIBRARY JOURNAL The Encyclopedia of Health Care Management would be useful for those involved in any aspect of health care whether as a student instructor practitioner researcher or administrator This book would be of great use in reference collections at public university hospital and corporate libraries E STREAMS Health care is one of

today's most discussed and debated topics. From issues such as accessibility to costs to quality, the debates range widely among doctors, patients, employers, and insurers. A popular topic in political campaigns and the media, health care and health care management is also a quiet and unremitting concern in the private and personal lives of individuals who worry about someday having to choose between food and prescription drugs. For this reason, in today's health care industry, good business practices may be as important as the practice of medicine in assuring the continued health of the industry. The Encyclopedia of Health Care Management will prove invaluable to libraries serving students and professionals in health and business. It will also be an essential reference for physicians, providers, and their employees and students and professors in health and management for responsible and successful practice and administration in the health care industry. This encyclopedia is the most comprehensive reference work on the business of health care with up-to-date information across a broad range of issues affecting every aspect of the industry and the people it serves. employs and influences.

Key Features The most comprehensive reference work on health care management. Broad range of timely topics spanning academic, corporate, and governmental arenas. Over 600 entries. More than 160 expert contributors in the fields of medicine, public health, and business. Tables on Health Care Acronyms, Medical Degrees, Medical Legislation, Medical Organizations, Medical Specialties. About the Editor: Michael J. Stahl, Ph.D., is Director of the Physician Executive MBA Program and Distinguished Professor of Management in the College of Business at the University of Tennessee, Knoxville. Dr. Stahl received his B.S. in Electrical Engineering from the State University of NY at Buffalo and his Ph.D. in Management from Rensselaer Polytechnic Institute. From 1982-1989, Stahl was Head of the Management Department at Clemson University. He was Associate Dean in the College of Business at the University of Tennessee from 1989-1997. Dr. Stahl has published over 50 journal articles in a variety of areas including Strategic Management, TQ, and healthcare, as well as twelve books including Strategic Management, Perspectives in TQ, and The Physician's Essential MBA. He teaches strategy and business planning in the Physician EMBA, Taiwan EMBA, and MBA Programs.

Recommended Libraries: Academic, Public, Special, Private, Corporate.

Essentials of Health Care Organization Finance Dennis D. Pointer, Dennis M. Stillman, 2004-09-24. Finally! The book that all health care board members needed but were afraid to ask for. Those dark days of staring at incomprehensible numbers during board meetings of nervous nodding when their financially literate brethren make comments or ask questions of voting on things that they do not understand are gone. This book is long overdue and should be read by every trustee who is not a finance professional. James E. Orlikoff, president, Orlikoff Associates, Inc., and executive director, American Governance Leadership Group. Accounting for 1.4 trillion in expenditures, 13.7 percent of gross domestic product, health care is one of the nation's largest and fastest growing industries. This concise, expertly written primer on health care organization finance is a nuts and bolts guide to what has become every hospital's most sensitive topic. Health care organization board members must possess basic financial competence to govern effectively. This book will help them acquire easily and painlessly the basic financial literacy essential for discharging their

roles and fulfilling their fiduciary duties Healthcare Management, 4e Simon Moralee, Manbinder Sidhu, Judith Smith, Kieran Walshe, 2025-05-27 This edition comes highly commended by me it is an excellent reference and companion to developing the experience and expertise necessary to function in today's healthcare environment Lord Victor O Adebawale MA CBE Chair NHS Confederation Leadership Coach Executive Chairman Visionable A welcome update given the even more acute challenges we face in healthcare and policy since the last edition with new and timely chapters edited by two of the leading groups in healthcare management and policy Professor John Vretveit Medical Management Center Karolinska Medical University Sweden This internationally renowned book is written by leading experts in the field and covers all the key aspects of healthcare management Written with healthcare managers professionals and students in mind it provides an accessible and evidence based guide to healthcare systems services organisations and management Key areas covered include Structure and delivery of healthcare services in the global context including mental health acute care primary care chronic disease adult social care and integrated care Allocating resources for healthcare healthcare finances the economics of healthcare and managing priorities Healthcare workforce Research and innovation Climate change and sustainability Global health policy governing health systems across borders Service user perspectives experiences and involvements in healthcare Equality diversity and inclusion Measuring and managing health care performance This fourth edition has been significantly rewritten with two new editors several new contributors and a revised chapter structure designed to better support learning practical application and further study In addition there is a strengthened international focus and each chapter includes new case studies giving global examples of health systems and services new and updated learning activities to encourage application to your own organisation and a range of links to useful online resources Healthcare Management is essential research based and applied reading for students teachers and healthcare professionals involved in management research and health policy making Simon Moralee is Senior Lecturer Associate Professor in Healthcare Management and Head of the Health Management Group at the Alliance Manchester Business School The University of Manchester UK Manbinder Sidhu is Associate Professor at the Health Services Management Centre and Co Director of the National Institute of Health and Care Research NIHR funded BRACE Rapid Evaluation Centre the University of Birmingham UK Judith Smith is Professor of Health Policy and Management at the Health Services Management Centre the University of Birmingham UK and Director of Health Services Research Birmingham Health Partners UK Kieran Walshe is Professor of Health Policy and Management at the Alliance Manchester Business School The University of Manchester UK Strengthening Health System Governance: Better Policies, Stronger Performance Scott Greer, Matthias Wismar, Josep Figueras, 2015-11-16 Highly Commended in Health and Social Care in the 2017 BMA Medical Book Awards Governance is the systematic patterned way in which decisions are made and implemented The governance of a health system therefore shapes its ability to respond to the various well documented challenges that health systems face today and its capacity to cope with both everyday challenges

and new policies and problems This book provides a robust framework that identifies five key aspects of governance distilled from a large body of literature that are important in explaining the ability of health systems to provide accessible high quality sustainable health These five aspects are transparency accountability participation organizational integrity and policy capacity Part 1 of this book explains the significance of this framework drawing out strategies for health policy success and lessons for more effective governance Part 2 then turns to explore eight case studies in a number of different European regions applying the framework to a range of themes including communicable diseases public private partnerships governing competitive insurance market reform the role of governance in the pharmaceutical sector and many more The book explores how Transparency accountability participation integrity and capacity are key aspects of health governance and shape decision making and implementation There is no simply good governance that can work everywhere every aspect of governance involves costs and benefits Context is crucial Governance can explain policy success and failure so it should be analysed and in some cases changed as part of policy formation and preparation Some policies simply exceed the governance capacity of their systems and should be avoided This book is designed for health policy makers and all those working or studying in the areas of public health health research or health economics

The Guide to Governance for Hospital and Health System Trustees Mary K. Totten,1999 *Creative Long-term Care Administration* George Kenneth Gordon,Leslie A. Grant,Ruth Perin Stryker,2003 The prior three editions of this book were extremely well received for use in undergraduate and graduate courses in long term care administration and they were also popular as fundamental resources with practitioners as well as for an array of other long term care practitioners and professions including housing managers board members teachers students administrators owners and health care professionals who are seeking new directions in the field This the fourth edition has been extensively revised There is for example the fundamental updating throughout to reflect structural and regulatory changes that have been occurring in the field as well as the introduction of recent research findings evolving ideas and new practices In addition there are new perspectives introduced by nine new chapter authors plus three entirely new chapters monitoring clinical outcomes spiritual care and using information technology The book is divided into six sections The Evolution of Long Term Care Developing the Organization Human Resource Management Optimizing Health Care Outcomes Creating a Supportive Living Environment and Creating a Better Future This new edition also has an additional author Dr Leslie Grant whose seasoned scholarship and visionary leadership will provide important additional insight for the reader The ideas presented are intended to provide a better understanding of the long term care environment and to suggest ways of applying interdisciplinary knowledge for the administrator in this setting

Wiley Pathways Introduction to U.S. Health Care Dennis D. Pointer,Steve Williams,Stephen L. Isaacs,James R. Knickman,2012-04-13 As the business side of the health care industry explodes to well over half a million jobs this year students need to understand the U S health system management concepts and the topics that are driving its future In a clutter free format with every day
