Coast, 1942-45, Volume 1** Paul Branch,2023-07-15 The U boat War off the U S Coast 1942 45 is a narrative history of the naval operations and warfare fought off the East and Gulf Coasts of the United States in World War II German U boat submarines arrived off the U S coast in January 1942 in an offensive aimed at destroying the merchant shipping of the United States and other Allied nations and were to continue their efforts to do so during the remainder of the war During the first four months of their offensive the U boats achieved great success destroying Allied shipping in American waters at an alarming rate At the same time the U S Navy struggled in its efforts to stop the carnage and defeat the U boat assault Eventually with the acquisition of increased numbers of aircraft and warships the inauguration of coastal convoys and new antisubmarine weapons and technologies the U boat menace was finally brought under control Until now the Battle of the Atlantic as it was fought in American waters has received only limited coverage despite the very intense fighting and naval operations that characterized it The U boat War provides a comprehensive detailed account from the perspective of individual merchant and naval ships and U boats to chronicle their operations in American waters during three years of war highlighting the links that bind them together using source materials and original documents from both sides This first volume of the two volume set details the high water mark of the U boat offensive off the U S East Coast during the period of January to May 1942 **Royal Navy List** ,1911 **Catalogue of Drawings by British Artists and Artists of Foreign Origin Working in Great Britain ...: S-Z** British Museum.
