Everyday Politics in the Philippines Benedict J. Kerkvliet, 2002 Focusing on a rice farming village in central Luzon Kerkvliet argues that the faction and patron client relationships dealt with by conventional studies are only one part of Philippine political life *Political Booms* Lynn T. White, 2009 Why have Taiwan rich parts of China and Thailand boomed famously while the Philippines has long remained stagnant both economically and politically Do booms abet democracy Does the rise of middle OC classes OCO promise future liberalization Why has Philippine democracy brought no boom and barely served the Filipino people This book unlike most previous studies shows that both the roots and results of growth are largely political rather than economic Specifically it pays attention to local not just national power networks that caused or prevented growth in the four places under consideration Violence has been common in these polities along with money Elections have contributed to socio political problems that are also obvious in Leninist or junta regimes because elections are surprisingly easy to buy with corrupt money from government contracts Liberals should pay more serious theoretical attention to the effects of money on justice and Western political science should focus more clearly on the ways non state local power affects elections By considering the effects on fair justice of local money and power largely from small and medium sized firms that emerge after agrarian reforms this book asks democrats to face squarely the extent to which electoral procedures fail to help ordinary citizens Students and scholars of Asia will all need this book OCo as will students of the West whose methods have become parochial **Governing Cities** Kris Hartley, Glen Kuecker, Michael Waschak, Jun Jie Woo, Charles Chao Rong Phua, 2020-02-25 This book presents the latest research on three issues of crucial importance to Asian cities governance livability and sustainability Together these issues canvass the salient trends defining Asian urbanization and are explored through an eclectic compendium of studies that represent the many voices of this diverse region Examining the processes and implications of Asian urbanization the book interweaves practical cases with theories and empirical rigor while lending insight and complexity into the towering challenges of urban governance The book targets a broad audience including thinkers practitioners and students *The Economy of the Philippines* Peter Krinks, 2003-09-02 In the late 1950s the Filipino economy could reasonably have been described as more advanced than those of its South Asian neighbours Ever since then however it has consistently lagged behind and only really started to grow strongly in the mid 1990s and even then it failed to achieve the growth rates of the rest of Southeast Asia ten years earlier This book critically analyses the Filipino economy and attempts to explain the problems that it has faced as well as the solutions that need to be put into practice This accessible and comprehensive book will be of great use to students academics and business professionals with an interest in the economies of Asia **The Politics of Irrigation Reform** Peter P. Mollinga, Alex Bolding, 2004 Fifteen international academics researchers engineers and development specialists contribute ten chapters written as part of a research project on irrigation reform initiated by Geert Diemer World Bank and INPIM L K Joshi

IndiaNPIM and Peter Mollinga Wageningen U The Netherlands in th The State, Economic Transformation, and Political Change in the Philippines, 1946-1972 Amando Doronila,1992 Beginning with a historical analysis of the origins of the Philippine dependency relationship with the United States the book goes on to argue that the Philippine State acquired some degree of autonomy in formulating national policies It reveals that while the Philippine political system is based on free wheeling capitalism led by private enterprise State intervention in the economy has been more extensive than the economic ideology suggests *Managing Canal Irrigation* Robert Chambers,1988 A challenge to re examine beliefs biases and actions is presented through the exposure of misleading research and faulty diagnosis in the current policies and practices of canal irrigation *American Book Publishing Record* ,2004 *Bulletin of the Public Affairs Information Service* Public Affairs Information Service,1987 *Public Affairs Information Service Bulletin* Public Affairs Information Service,1984 **Subject Catalog of the Institute of Governmental Studies Library, University of California, Berkeley** University of California, Berkeley.
