AMERICAN POLITICAL PHOENIX

STANLEY G. HILTON

Bob Dole American Political Phoenix

Peter B. Levy

Bob Dole American Political Phoenix:

Bob Dole Stanley G. Hilton, 1988 **Encyclopedia of the Reagan-Bush Years** Bloomsbury Publishing, 1996-04-16 This is the first and only ready reference source on the Reagan Bush years 1980 1992 No other single volume provides readily available and concise information on the key developments and figures of this period Organized A Z it features over 250 entries on key personalities issues events political and governmental developments foreign and domestic concerns laws terms and catchphrases and social and cultural trends of the era Entries are 100 1 000 words in length and conclude with a list of suggested readings The work also features a chronology of events statistical charts and tables and photographs and is thoroughly cross referenced in boldface for ease of use The organizing principle of the work is a focus on individuals and events that directly relate to Presidents Reagan and Bush and their administrations In addition there are entries on social trends world events and popular culture The book presents a balanced account of the Reagan Bush years Entries favor description over judgment while at the same time offering a sense of the controversy that surrounded and in some cases still surrounds the events and actions of the Reagan Bush presidencies Biographies of key figures in their administrations Supreme Court appointments related players on the national and world stage summaries of significant pieces of legislation and balanced analyses of their domestic and foreign policies are featured Entries also include many terms and catchphrases such as Reaganomics No New Taxes and A Thousand Points of Light This is the perfect first stop for information on all aspects of this important period in American history and will fill a gap in public and high school library reference collections

Twenty-Five Years of GOP Presidential Nominations Jeffrey J. Volle, 2016-01-28 Twenty Five Years of GOP Presidential Nominations examines the recent presidential nominees of the Republican Party The author explores the idea that the presidential defeats of Republican nominees begin with the primary election choice of a moderate candidate in hopes that the chosen candidate s conservative rhetoric will translate into a general election victory Written in a unique and dynamic style this book details the recent history of the party s successes and failures through notable figures such as George H W Bush and Bob Dole [Bob Dole](#) Marcia Wertime, 1997 Relates the story of a soldier from Russell Kansas who was injured in World War II and who went on to become a Republican senator in the United States Congress **The 20th Century A-GI** Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography **Historical Dictionary of the Nixon-Ford Era** Mitchell K. Hall, 2008-02-22 The presidential administrations of Richard Nixon and Gerald Ford encompassed some of the

most turbulent and significant years of the 20th century Nixon was elected near the end of a decade characterized by struggles for civil rights years of war in Vietnam and widespread cultural rebellion Although he promised during his campaign to bring the country together Nixon s administration was more confrontational than compromising and ultimately deepened national divisions Gerald Ford worked to restore integrity to the White House but never fully established a program separate from his predecessor His pardon of Nixon and the 1975 fall of South Vietnam kept him linked to the past rather than establishing the beginning of a new era The Nixon Ford Era witnessed one of the most controversial presidential eras yet despite all of the turmoil progress was made The Vietnam War eventually wound down the Cold War went through a phase of d tente relations were established with China civil rights progressed the situation of African Americans and Native Americans improved and Women s Liberation altered the status of half of the population The Historical Dictionary of the Nixon Ford Era relates these events and provides extensive political economic and social background on this era through a detailed chronology an introduction appendixes a bibliography and several hundred cross referenced dictionary entries on important persons events institutions policies and issues

Grieving the Death of a Father Harold Ivan Smith,2024-07-16

Losing a father can be a complex and confusing transition Whether a father was beloved or feared the loss and grief is a process one that sometimes begins before the physical loss has occurred Drawing on his own experience of losing a father as well as on the experiences of others grief counselor and educator Harold Ivan Smith compassionately guides readers through their grief from the process of dying through the acts of remembering and honoring a father after his death This book provides a way forward By shifting the grief process from something to rush through Smith encourages readers to embrace their grief as a natural response to loss and to give themselves time to work through the sadness ambiguous feelings memories and reality of living without a father A father s death inevitably changes us With gentle and wise words Smith speaks to people who have gone through this loss and helps those yet to face it This edition includes a new foreword from the author

Tough Daisies Clarence Robert Haywood,1995 By reputation Kansas isn t the funniest place on earth But it has

its share of humor In this book Robert Haywood reveals the lighter side of a state that s too often pegged a collection of sober minded moralists struggling to find Utopia among the stars He explores what has passed for humor in good times and bad and divulges what makes Kansans laugh

Heirs Apparent Vance Kincade,2000-03-30 The vice presidency is the

second highest office to which an American can be elected This office should be an ideal place to launch a campaign to capture the presidency yet only two incumbent vice presidents have thus far been able to win the ultimate prize Vance Kincade analyzes this dilemma and offers some answers to why vice presidents have difficulties gaining credibility to pursue the presidency and why Vice Presidents John C Breckinridge Richard Nixon and Hubert Humphrey each failed in their campaigns for the presidency Kincade s primary focus is on the two vice presidents who ascended to the presidency Martin Van Buren and George Bush He explores how these two were able to avoid the dilemma that baffled the others Was it

something in their backgrounds that brought success Was it serving as vice president under Andrew Jackson and Ronald Reagan that helped turn the trick Could their successes be seen as fulfilling an historical cycle that found Van Buren and Bush in the right place at the right time In the last section of this intriguing study Kincade uses political science models to explain their victories and offers a guide to future vice presidents who attempt to join the exclusive club of vice presidents to reach the presidency Scholars students and the general public interested in American political history and the presidency will find this study of particular value

Encyclopedia of the Reagan-Bush Years Peter B. Levy, 1996-04-16 Features over 250 entries covering key cabinet members advisors events laws and social trends prominent during the Reagan presidency

Rhetorical studies of national political debates, 1960-1988 Robert V. Friedenberg, 1990

Rhetorical Studies of National Political Debates Robert V. Friedenberg, 1994 This revised and updated edition remains the only book length rhetorical analysis of national political debates from 1960 to the present The contributors all rhetorical critics answer important questions about political debating in the United States including Why is the press involved in political debates Why are debates likely to be an enduring part of our presidential campaigns Why are some candidates successful as debaters while others are not Chapter authors offer insight into the goals commonly shared by political debaters and the rhetorical strategies most frequently used by national political debaters By providing an overall analysis of a variety of debate practices this book demonstrates how debates have become more than just campaign spectacles but rather complex calculated political events with significant consequences Predebate debate and postdebate strategies are considered in depth in these microanalyses Scholars and students of speech communication particularly those concerned with political communication will find this volume noteworthy as will those in the related disciplines of political science history and journalism

Harvard Magazine, 1988

Solving the Vice Presidential Dilemma Vance Robert Kincade, 1996

People in the News, 1995 Macmillan Publishing, David Brownstone, Irene Franck, 1995-05 Presents clear up to date biographical information on a wide selection of the most newsworthy people in the world

Who's who in the West, 2001

Beyond the Rhetorical Presidency Martin J. Medhurst, 1996 With the administrations of Theodore Roosevelt and Woodrow Wilson the American presidency underwent many profound changes Chief among those was a radical evolution in the interaction of the president with the general public Divided into three sections the ten essays of this volume focus on that evolution and offer thought provoking analyses concerning the role of presidential rhetoric in passing policy generating support and promoting public discourse In Part I Jeffrey Tulis who introduced the concept of the rhetorical presidency more than a decade ago considers how the dilemmas he envisioned as part of that concept change just as the political arena changes Glen E Thurow reflects on private virtue and public duty as aspects of presidential character Bruce E Gronbeck argues that the electronic age has fundamentally changed the nature and impact of presidential rhetoric and indeed the presidency itself while Thomas W Benson contemplates whether politics is even possible in the environment of current computer mediated communications

Part II turns from theoretical and metatheoretical explorations to practical criticism in a series of case studies Roderick P Hart and Kathleen Kendall evaluate the significance of a single telephone conversation about civil rights between Vice President Lyndon Johnson and Theodore Sorenson in June 1963 Using Richard Nixon s rhetoric as the example from which to draw general themes and issues Edwin Black considers the complex moral economy that supports presidential self invention G Thomas Goodnight uses the debate over Ronald Reagan s policy toward Central America to study rhetorical history contested memory and the uses of time in the service of power Robert L Ivie examines Graubard s critique of presidential war rhetoric in the context of the Persian Gulf action Karlyn Kohrs Campbell presents a framework for understanding the public views of the First Lady focusing on Hillary Rodham Clinton but drawing historical parallels Finally Part III of this volume offers a social scientific assessment of the theoretical and interpretive research on presidential rhetoric from one of the nation s leading scholars of the presidency George Edwards An introduction and afterword by series editor Martin J Medhurst seek to clarify the nature and status of the debate about the rhetorical presidency Beyond the Rhetorical Presidency offers scholars with an interest in speech communication and political science a volume that reexamines the place and significance of presidential rhetoric The Publishers Weekly ,1988 **People in the News** David M. Brownstone,1994 *Kansas History* Homer E. Socolofsky, Virgil W. Dean,1992-04-20 The first volume in the series State Bibliographies this book provides comprehensive coverage of secondary materials on Kansas history and also includes useful references to major archival and manuscript collections Although excellent specialized bibliographies have been published this volume is the most complete compilation of historical and related materials for the state Its broad and diverse scope ranges from standard political and economic studies to social and environmental histories to local studies and to regional studies with special significance to the state The volume is divided into sections on prehistory indigenous population early exploration territorial period statehood Kansas since 1898 agriculture economic life transportation cultural life education science and medicine social history general histories and reference guides local and county history historiography materials and historic sites Entries include informative annotations designed to aid the novice and the scholar The volume is thoroughly indexed by author and subject and includes the only existing index for all the major articles appearing over the past 125 years in the Kansas State Historical Society s major publications
