**We the Young Fighters** Marc Sommers, 2023-10 We the Young Fighters is at once a history of a nation the story of a war and the saga of downtrodden young people and three pop culture superstars Reggae idol Bob Marley rap legend Tupac Shakur and the John Rambo movie character all portrayed an upside down world where those in the right are blamed while the powerful attack them Their collective example found fertile ground in the West African nation of Sierra Leone where youth were entrapped inequality was blatant and dissent was impossible When warfare spotlighting diamonds marijuana and extreme terror began in 1991 military leaders exploited the trio's transcendent power over their young fighters and captives Once the war expired youth again turned to Marley for inspiration and Tupac for friendship Thoroughly researched and accessibly written We the Young Fighters probes terror based warfare and how Tupac Rambo and especially Bob Marley wove their way into the fabric of alienation resistance and hope in Sierra Leone The tale of pop culture heroes radicalizing warfare and shaping peacetime underscores the need to engage with alienated youth and reform predatory governments The book ends with a framework for customizing the international response to these twin challenges
