Bobbin Lace:

Introduction to Bobbin Lacemaking Rosemary Shepherd, 2011 **100 Traditional Bobbin Lace Patterns** Bridget M. Cook, Geraldine Stott, 2014-11-24 Here is a collection of 100 traditional patterns for Bucks Point lace one of the finest laces in England. The diagrams are colour coded for clarity and each pattern is printed in detailed diagrammatic form. There is one pattern on each page or on adjacent pages with its relevant pricking and an actual size photograph of the completed piece of lace. The number of bobbins and the thread used are also noted. Not only are there 100 traditional patterns contained within this book but the majority have an unusual or interesting feature in their construction not readily observed or perhaps fully appreciated at first glance. Some of the patterns have been slightly adapted from the original to complement modern threads and all have been painstakingly researched from various museums. Lace makers from those just starting to the experienced will find here a wealth of readily understandable patterns at their fingertips **Bobbin Lace Making** Doreen Wright, 1983 Bobbin Lace Brigita Fuhrmann, 2011-11-17 A modern adaptation of a traditional Old World craft is presented through photographs, line drawings and step by step explanations **The Bobbin Lace Manual** Geraldine Stott, 1988-01-01 Step by step instructions carefully graded projects for creating Torchon Bedfordshire Braided Modern other exquisite laces 26 patterns including motifs for bookmarks edgings inserts corners medallions 229 illustrations including over 50 3 color stitch diagrams **Bobbin Lace** Brigita Fuhrmann, 2012-08-15 Modern step by step approach shows how to create every variety of bobbin lace from the simplest stitches to the most challenging patterns Suitable for needleworkers at all levels 279 illustrations Bobbin Lace for Beginners Marie Potgieter, 1991 **Beginner's Guide to Bobbin Lace** Gilian Dye, Adrienne Thunder, 2008-05-01 Explore the world of Bobbin Lace with this book which takes you through simple Torchon ground pieces to scarves, purses and bags. Bobbin lace may look complicated when you see a pillow set up with dozens of bobbins but it will seem far less daunting when you realise that only four bobbins, two pairs, are in use at any one time and there are only two moves, twist and cross, that you can do. While the basic lace stitches are common to all types of bobbin lace, different lacemaking traditions developed different ways of putting these stitches together. Bruges lace, for example, uses less than a dozen pairs of bobbins and a relatively coarse thread to create curved braids and flower-like motifs which are linked to form the fabric. On the other hand, point ground laces such as Chantilly or Bucks Point are worked from one end to the other in fine silk or cotton and may need a hundred pairs or more. An extensive techniques section makes lacemaking clear, simple and enjoyable. Five full step by step projects with pricking patterns. Gives advice on adding decorative features, beads and tassels. Suitable for both beginners and more experienced lacemakers. A clearly illustrated step by step guide to all the stitches and techniques needed to create beautiful bobbin lace. Includes prickings and easy to follow photographs showing how to use them. Provides full instructions for a selection of colourful Torchon lace projects using a variety of yarns: a bag, a purse, a scarf and a cushion *The Book of Bobbin Lace Stitches* Bridget M. Cook, Geraldine Stott, 2014-11-24 This

comprehensive new edition of a standard work contains an exhaustive collection of stitches which have been developed in the traditional art of bobbin lacemaking since the 17th century and is designed to aid all lacemakers in the recognition and working of each individual feature The degree of accuracy and detail is the result of many years of research into the methods used in the lacemaking centres of Britain and Europe Over 260 stitches and variations are described ranging from the simplest to the most complex The content has been arranged so that all the information for each stitch is to be found on one page The guide is laid out step by step and is aimed at both the working lacemaker and the student

Practical Skills in Bobbin Lace Bridget M. Cook,2014-02-12 The comprehensive guide provides the lacemaker with step by step instructions and illustrations on the techniques which make up this type of lacemaking Divided into ten easy to follow sections alternative methods of construction are closely examined and explained Bridget M Cook begins with starts and edges describing the techniques of replacing threads and adding pairs joinings sewings connections and crossings Additional information is provided on picots tallikes and venetian cords plaits and braids Other sections look at carrying pairs raised work corners curves and holes endings moving work under construction and the mounting of completed lace Practical Skills in Bobbin Lace will help all lacemakers to increase their repertoire of techniques
