Detroit Revisited Mary Desjarlais,2000

Bob-Lo Annessa Carlisle,2005 It s been a picnic ground an amusement park and home to million dollar mansions but few know the complex story behind the Canadian island adopted by Detroiters as their own Bob Lo An Island in Troubled Waters brings to life with vivid detail not only the numerous changes that have swept over the island with the tides of time but specifically the impact it has had on its longest residing private citizen Dorothy Tresness Her story is as turbulent as the history of the island itself The beloved Bob Lo Boats are gone the rides are dismantled but the story of Bob Lo is far from over as Dorothy in her 80s steadfastly holds claim to her private slice of island paradise

Caracas revisited Héctor Seijas,2010

The Nature of Empires and the Empires of Nature Karl S. Hele,2013-09-28 Drawing on themes from John MacKenzie s Empires of Nature and the Nature of Empires 1997 this book explores from Indigenous or Indigenous influenced perspectives the power of nature and the attempts by empires United States Canada and Britain to control it It also examines contemporary threats to First Nations communities from ongoing political environmental and social issues and the efforts to confront and eliminate these threats to peoples and the environment It becomes apparent that empire despite its manifestations of power cannot control or discipline humans and nature Essays suggest new ways of looking at the Great Lakes watershed and the peoples and empires contained within it

100 Years of the Detroit Historical Society Joel Stone,Detroit Historical Society,2021-12-01 A behind the scenes look at the creation and evolution of a cultural institution in Detroit Since its founding in 1921 the Detroit Historical Society DHS has been dedicated to safeguarding the history of our region so that current and future generations of metro Detroiters can better understand the people places and events that helped shape our lives 100 Years of the Detroit Historical Society written by senior curator Joel Stone captures in words and

photographs the little known story of the people who have been telling Detroit's stories and preserving its material culture for the last century 100 Years of the Detroit Historical Society leads in a chronological manner through four distinct phases each with its own successes and failures with a nod to the future direction of the DHS Stone begins by laying a foundation of the city's history and describing the era that prompted the organization's founding first intended as support for the Burton Historical Collection then as stewards of a growing artifact collection in a cabinet of curiosities DHS became the primary support organization for a new municipally owned and managed historical department resulting in multiple facilities and storytelling capabilities Later changing social and fiscal priorities prompted the DHS and its partners to adopt new strategies for interpretation funding outreach and inclusion Eventually the DHS would assume stewardship of the Detroit Historical Museum and Dossin Great Lakes Museum bringing new momentum to regional public history It is important to note the truism that historical museums and archives can be poor caretakers of their own history The DHS's history was intertwined with a municipal department for so long that they actually have two histories that are only roughly preserved Research for this volume has woven many disparate details into a cogent tapestry that is easily digested by museum professionals and visitors alike It is a fascinating tale that reflects the pride Detroiters have in their city and shows trends in historical preservation and organizational structures across North America

Summer Dreams Patrick Livingston, 2008 A definitive history of Bob lo Island a Canadian amusement park in the mouth of the Detroit River and a favorite recreation spot for generations of Detroit area residents Located twenty miles south of Detroit where the Detroit River meets Lake Erie Bob lo Island was the ultimate summer playground for families from Detroit and Windsor for nearly one hundred years In its heyday the island housed an amusement park with one of the world's largest dance halls an elegant restaurant and a hand carved carousel It also employed two large Frank Kirby designed ferry steamers complete with dancing and other entertainment to transport patrons to and from the island which was not accessible by car In Summer Dreams author Patrick Livingston tells the story of Bob lo from its discovery by French explorers to its subsequent use by missionaries British military men escaped slaves farmers and finally the wealthy class who developed the island as a summer resort It was not until the Detroit Belle Isle and Windsor Ferry Company looking to expand its business ventures bought the island in 1898 that Bob lo became known as a destination for Detroit's burgeoning middle class The park provided the perfect place for Detroiters to dance and play and simply escape the whirlwind of what was rapidly becoming an industrial and mechanized city Livingston notes that operation of the park presented special challenges to management teams over the course of the century particularly in the running of its U S based steamers and competition with modern amusement parks that could be reached by car Livingston chronicles the island's recent history including the final closure of the park in 1993 the auctioning of its steamers and rides and its redevelopment as a community of multimillion dollar homes With illustrations and personal profiles added to its historical narrative Summer Dreams recounts the phases of Bob lo's history and its importance to natives of Detroit Windsor

and Amherstburg Local historians and anyone with roots in Detroit and the Border Cities will enjoy this informative volume
