Bodhgaya Interviews:

The Bodhgaya Interviews Dalai Lama XIV Bstan-'dzin-rgya-mtsho, 1988 Reveals the Dalai Lama's inimitable wit and gently exemplifies the nature of a Bodhisattva East West Journal

The Meeting of Religions and the Trinity Gavin D'Costa, 2000-01-01 Shows that many so called pluralist theologies are actually masks for a secularizing agenda and that the doctrine of the Trinity holds more potential for interreligious understanding and dialogue D Costa recommends the Trinitarian approach which attains the goals that pluralism seeks openness respect and learning from other religions It accomplishes this without the reductionism associated with pluralism and by examining the serious differences between traditions He applies the Trinity to interreligious prayer with surprising results

Dalai Lama Sidney Piburn, 2002-08 This selection of addresses interviews and biographical essays is intended to convey a picture of the Dalai Lama's personal life his wide ranging interests and his thoughts on issues of global concern It is hoped that this combination will give the reader who is relatively unfamiliar with the Dalai Lama a deeper appreciation of this man of peace He emerges as a highly pragmatic man dedicated to the establishment of non violent solutions to human problems in the personal environmental and political arenas This book is admittedly of an introductory nature Many of the topics introduced here are explained in much greater detail and depth in other books by the Dalai Lama

The Rebirth of Bodh Gaya David Geary, 2017-11-15 This multilayered historical ethnography of Bodh Gaya the place of Buddha's enlightenment in the north Indian state of Bihar explores the spatial politics surrounding the transformation of the Mahabodhi Temple Complex into a UNESCO World Heritage site in 2002 The rapid change from a small town based on an agricultural economy to an international destination that attracts hundreds of thousands of Buddhist pilgrims and visitors each year has given rise to a series of conflicts that foreground the politics of space and meaning among Bodh Gaya's diverse constituencies David Geary examines the modern revival of Buddhism in India the colonial and postcolonial dynamics surrounding archaeological heritage and sacred space and the role of tourism and urban development in India

Answers H.H. the Fourteenth Dalai Lama, 2001-08-28 In India at the place where the Buddha attained enlightenment it became a well established tradition for the Dalai Lama to spend several days each year giving teachings to Buddhists from all over the world Following his teachings he held informal group discussions with Western students of Buddhism In these lively exchanges the Dalai Lama exhibits clear and penetrating insight into issues that are most important to Western students Some of the topics discussed are psychology Christianity being a practicing Buddhist in the West spiritual teachers reincarnation emptiness tantra protector deities liberation meditation compassion disciplining others the power of holy places and retreats
