Bello, 1989-01-01 Paul and the Resurrected Body Matt O'Reilly, 2020-03-20 A new reading of Pauline theology ethics and eschatology grounded in social identity theory and socio-rhetorical criticism Readers often think of Paul's attitude toward the resurrection of the body in individual terms a single body raised as the climax of an individual's salvation In Paul and the Resurrected Body Social Identity and Ethical Practice Matt O'Reilly makes the case that for Paul the social dimension of future bodily resurrection is just as important if not more so Through a close reading of key texts in the letters to the Corinthians Romans and Philippians O'Reilly argues that resurrection is integral to Paul's understanding of Christian social identity In Paul's theological reasoning a believer's hope for the future depends on being identified as part of the people of God who will be resurrected Features A clarification of the eschatological basis for Paul's ethical expectations Exploration of the social significance of Paul's theological reasoning An integration of ancient rhetorical theory with contemporary social identity theory **The Rise of Christian Beliefs** Heikki Räisänen, Heikki Räisänen offers a historical survey of the roots and first growth of the thoughts values and practices of the early Christians and explains the evolution of Christian belief in terms of vital adaptations to specific challenges An ideal textbook for university introductory courses on the New Testament and Early Christianity The Rise of Christian Beliefs offers chapters discussing paradigmatic events the life and death of Jesus and experiences of Easter principal figures and groups last things and afterlife savior figures and the human condition ethnicity identity and morality and ritual community life The Mode of Man's Immortality: Or, the When, where and how of the Future Life Thomas A.
