Thinsanity Glenn Mackintosh, 2019-12-31 We are becoming more and more obsessed with being thin as we get fatter and fatter The craziest part is that most weight loss solutions are actually part of the problem Diet and exercise programs fail 97% of people in the long term resulting in short term weight loss medium term regain and long term gain approximately 10 to 15% above starting weight Scientists have known this reality for decades the entire diet industry is based on it yet we keep on falling for promises of fast easy permanent weight loss and other fictional tales putting ourselves through rebranded versions of the exact same thing and expecting different results Some might call this insanity weight management psychologist Glenn Mackintosh calls it Thinsanity Glenn's book Thinsanity aims to transform the way we approach weight management of the body by starting with the mind New scientific developments are offering insights into a compassionate way to make peace with food fall in love with physical movement and learn to LOVE your body healthy Glenn takes all those new scientific developments and expresses them the way he does with his clients clearly and with lots of understanding This book is right for anyone who wants to learn to love their body and be healthy in it *Take Back Your Brain* Kara Loewentheil, 2024-05-21 NEW YORK TIMES BESTSELLER USA TODAY 1 NONFICTION BESTSELLER PUBLISHERS WEEKLY BESTSELLER A manual for every woman who wants to stop endless negative self talk create unshakable confidence and jump start a life of joy and power It all begins with your thoughts I never look good in tight skirts I can't ask for a raise or my boss will think I'm greedy I'm getting too old to find a partner I'm a bad mom I'm always behind I'll never be good enough What if every time you had a self-critical thought you heard it in a man's voice The truth is not far off Living in a patriarchy women absorb a lifetime of messages that say your worth is defined by your looks your accomplishments and how well you take care of everyone around you In fact these messages are so pervasive that even knowing they exist they still manage to program themselves into our brains The result is that women end up feeling anxious guilty and vaguely ashamed of themselves no matter how much they do for others or achieve for themselves So how do we deprogram our thoughts from patriarchy's corrosive influence And once we do how can we create new self-empowering beliefs Master Certified Life Coach and host of the Unfuck Your Brain podcast Kara Loewentheil knows how Despite graduating from Harvard Law School and getting her dream job Kara spent her twenties and thirties feeling insecure and anxious until she learned how to change her thoughts which led her to become a coach In *Take Back Your Brain* she draws on cognitive psychology feminist theory and years of experience as a neuroplasticity focused coach to break down how the patriarchy hijacks women's brains and how women can get free To bridge the gap between your inner voice and your true potential she says you must begin with your thoughts By using the skills in this book to literally rewire your brain you can create new thought patterns that will directly transform outcomes in your life Ultimately *Take Back Your Brain* invites you to replace the thoughts that no longer serve you and make room for a kind of confidence you never thought possible Because when women unleash their true power they
