Bodyline Umpire:

Bodyline Umpire Richard Smallpeice Whittington, George Alfred Hele, 1974 *Bodyline Autopsy* David Frith, 2013-06-24
In 1932 England's cricket team led by the haughty Douglas Jardine had the fastest bowler in the world Harold Larwood. Australia boasted the most prolific batsman the game had ever seen the young Don Bradman. He had to be stopped. The leg side bouncer onslaught inflicted by Larwood and Bill Voce with a ring of fieldsmen waiting for catches caused an outrage that reverberated to the back of the stands and into the highest levels of government. Bodyline as this infamous technique came to be known was repugnant to the majority of cricket lovers. It was also potentially lethal one bowl fracturing the skull of Australian wicketkeeper Bert Oldfield and the technique was outlawed in 1934. After the death of Don Bradman in 2001 one of the most controversial events in cricketing history the Bodyline technique finally slid out of living memory. Over seventy years on the 1932-33 Ashes series remains the most notorious in the history of Test cricket between Australia and England. David Frith's gripping narrative has been acclaimed as the definitive book on the whole saga superbly researched and replete with anecdotes. *Bodyline Autopsy* is a masterly anatomy of one of the most remarkable sporting scandals. *Never Surrender* Mark Peel, 2021-08-16. *Never Surrender* The Life of Douglas Jardine is the enthralling story of England's most controversial cricket captain forever associated with bodyline bowling on MCC's tour to Australia in 1932-33. Despite his privileged upbringing and amateur status Jardine's steely personality and win at all costs ethos was more akin to the professional game. Confronted with the run making genius of Australia's Don Bradman in 1932-33 Jardine resorted to a form of intimidatory bowling that helped England regain the Ashes but his tactics shocked Australia and brought relations between the two countries to the point of collapse. To restore harmony Jardine was disowned by the MCC cricket establishment and shunned thereafter but now in a more modern competitive age his reputation has undergone a rehabilitation not least in Australia. Drawing on fresh material award winning cricket author Mark Peel reappraises an outstanding leader whose care for those he valued knew no bounds. **Sport, Culture and History** Brian Stoddart, 2013-09-13. In addition to being an internationally recognised pioneer of sports history Brian Stoddart has also been a leading thinker and influence in the field. That influence has crossed several areas of history sociology business politics and media aspects of sports studies and has drawn deeply upon his own training in Asian studies. His work has been characterised by cross disciplinary work from the outset and has encompassed some very different geographical areas as well as crossing from academic outlets to media commentary. As a result his influential work has appeared in many different locations and it has been difficult for a wide variety of readers to access it fully and easily. This volume draws together in the one place for the first time some of his most important academic and journalistic work. Importantly the pieces are drawn together by an intellectual autobiographical commentary that locates each piece in a wider social and cultural framework. This book was previously published as a special issue of *Sport in Society*. *Workhorse Numbers* Norman Richardson, 2000 **Chappelli** Ian Chappell, 1976 *National*
