Amundsen, William Nelson, Herbert Tuttle, 1997 Today's rapidly changing marketplace can seem like a jungle for many professionals. Engineering Management Press offers the books needed to navigate through the wilderness of business techniques and acronyms. EMP's titles provide practical information and proven business methods for most corporate and industrial environments. Our titles cover crucial, timely topics of importance to businesses and managers today: management productivity improvement, quality and related issues, Downsizing teams, product focus, work cells. These business and manufacturing trends are changing the face of facilities today. Because facilities are strategic elements of any enterprise, companies cannot afford to build new structures or revamp old ones without careful planning. Written for both new and experienced designers and IEs, *Facilities and Workplace Design* features 25 illustrated tasks that can be applied to most projects. Layout at the building and departmental levels is the central issue, but site planning, workstation design, and material handling are also addressed. The third book in the *Engineers in Business Series*, this truly is a practical guide for the 90s and beyond.

**Strategic Management in the Asia Pacific** Usha C. V. Haley, 2000 Strategic Management in the Asia Pacific assembles an international team of world famous practitioners and experts to cover the most significant aspects of doing business in the Asia Pacific. Recent developments such as the domino declines in the world financial markets clearly demonstrate that we live and perceive ourselves as living in an interdependent world where business developments in Hong Kong can affect those in New York, London, or Sao Paulo. Understanding how to manage effectively in the Asia Pacific positively affects multinationals' profits and survival. Strategic Management in the Asia Pacific explores how to manage effectively and profitably in the Asia Pacific and identifies and interprets important environmental characteristics and key stakeholders' influences. Sources for up-to-the-minute information to make strategic decisions are also indicated. Contributors include Kam Hon Lee, Dean of Business School, Chinese University of Hong Kong, who advised Coca-Cola's entry into China; Mike Hobday, University of Sussex, who advises the Malaysia Government on its 2020 policy; Ingo Walter, Stern School of Business, New York University, who advises several major governments and corporate institutions on international banking and finance; Chin Tiong Tan, National University of Singapore, who advises Singapore Airlines among other major companies; Kong Yam Tan, National University of Singapore, who served as Singapore's Chief Economist and is currently its Chair to APEC; and Ian Marsh, Professor of International Business, Australian Graduate School of Management.
