Consolidating Free-market Democracy in the Former Soviet Union United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on European Affairs, 1992

From Fear to Fraternity Patricia Rawlinson, 2010-02-02 Organised crime makes good copy Gangsters shoot outs and mob meetings are a staple of TV shows and media reports tend to glamorise the criminal underworld The threat from organised crime has been a high profile concern in Western Europe

and the US since the 1930s This being the case the recent emergence of Russian and Eastern European organised crime has led to high profile efforts to combat the new threat with little understanding of what it entails Patricia Rawlinson argues that burgeoning crime rates result not only from the failures of communism but also from the problems of free market economies Drawing on interviews with members of the Russian criminal underworld she argues that organised crime provides us with a barometer of economic well being both for Russia and for any neoliberal market economy

Congressional Record United States. Congress,1998

The New Russian Business Leaders Manfred F. R. Kets de Vries,2004 In order to work effectively with Russian organizations it is essential for potential Western partners and shareholders to fully understand their leadership style organizational practices and business expectations Based on extensive interviews with the pioneers of Russian business and the authors own experiences this perceptive new book attempts to decipher the enigma of Russia s new generation of business leaders The authors present six in depth case studies focusing on companies of vastly differing sizes ranging from a newly privatized operation and the creation and organization of an oligarch s empire to several entrepreneurial start ups in different service industries The case studies document the changes and developments that have occurred in Russia since the privatization era of the 1990s highlighting the strengths and weaknesses of the emerging business leadership orientations Grounded in Russian culture and history the book takes a balanced view of the rapid development and transformation of the country s business leadership over the past ten years The authors also offer perceptive conclusions and practical advice that will not only contribute to the success of Western businesses operating in Russia and other former communist countries in Eastern Europe but also help business people in Eastern Europe create high performance organizations As we move towards a globalized economy the need to recognise executive behaviour in Russia is becoming increasingly important This book will

provide a great source of information for academics and researchers of entrepreneurship leadership studies and international business Although the focus is on Russian entrepreneurs the lessons in the book are equally as relevant for other cultures and leadership styles Eclipse of Destinies Ram Karan,2009-07-24 As immoral capitalism implodes remarkably almost all rescuing screaming millions evade true causes and cures signifying they were in blood so far that returning was as tedious as wading on **The Free Market** ,1996 **Russian Economic Development Since the Revolution** Maurice Dobb, Henry Charles Stevens,1929 The story of the economic development of the Soviet Union provided the first case in history of the establishment of a socialist economy and was therefore of great interest for economists and economic historians of the twentieth century At the same time it affords a unique example of the transformation of a country into an industrial nation at an unprecedented pace and under the guidance of a national economic plan This book examines these changes from the Russian Revolution of 1917 to 1927 *Entrepreneur* ,1995-07 **New Russia** ,1992 A monthly magazine on public affairs literature and art **US Department of State Dispatch** ,1993 Contains a diverse compilation of major speeches congressional testimony policy statements fact sheets and other foreign policy information from the State Dept **The transnational lawyer** ,1995 Business in Russia ,1997-07 **International Trade Reporter** ,1995 **Russian Defense Business Directory** ,1996 **Business in the Ex-USSR** ,1994
