Goldsmith as Journalist Richard C. Taylor, 1993 Indeed the journalistic achievements of Oliver Goldsmith invite a reconsideration of the man doomed for so many years to play Doctor Minor to Johnson s Doctor Major Long before he established a reputation as the author of *The Vicar of Wakefield* *She Stoops to Conquer* and *The Deserted Village* Goldsmith was establishing his unique journalistic voice a voice incredibly diverse if also frequently self contradictory There is no doubt that Goldsmith was something of a controversial figure working for both of London s monthly book review journals while they were engaged in an ongoing venomous and well publicized dispute But it is important to remember that he was respected too He did serve after all as principal contributor to several of London s most successful newspapers and magazine miscellanies In this capacity his career intersected with the careers of Arthur Murphy John Newbery David Hume Thomas Gray Edmund Burke and the most prominent booksellers authors and editors of the period As interest in eighteenth century English journalism continues to accelerate the critical reputation of Oliver Goldsmith which has been dwindling for years may receive an important boost Scholars now have a wealth of primary and critical material from which to construct a contextual framework for understanding literary social and political developments in eighteenth century England Perhaps this wealth of information will lead them to reassess the man who not only exemplified but also consistently commented on the state of the press in High Georgian England

BOOK JACKET What Every 18 Yr. Old Needs To Know Paul from White Lake, 2008-11-03 Why is there so much bipartisan bickering Why are some folks so darned adamant about their political viewpoints Should we all actually develop a political belief system But who really gives a hoot about politics anyways Have the schools of this USofA adequately prepared our 18 year olds for one of the important privileges that they can now engage namely to vote And even after 18 years old how and when does each of us actually become EXPERT at selecting our politicians How can any one person know who to vote for and does it really make any difference which way we vote They say that if I don t vote then I have no right to complain about who we get in our government But that doesn t make any sense or is it just me Some say that the MEDIA is biased but how can that be They just report the news don t they Why won t our

government just do more to FIX things and to HELP people What SHOULD our government REALLY do to help us solve our problems I ve even heard people talk about dark and strange conspiracy theories about people who are so super rich and powerful who plan things in secret and that THEY are the REAL people in control in this world playing us as if we re all just tokens on a game board
