But God Has Promised:

Dancing with Camels Mike Burnard,2016-03-10 It would be such a waste of time if we read the book and do not move on to a next level of fellowship The journey of faith should become a cycle of faith with new levels of commitment that will be required as we start higher and deeper levels of the process time and again Moving from discipleship to apostleship on the journey of faith will require that we sit down and count the cost once again but this time on a higher level Let us consider the words of A J Nock The mind is like the stomach It is not how much you put into it that counts but how much it digests So let us digest act and do **Let Me Encourage You** Shirley Simonton,2011-11-21 Let me encourage You is written to do just that to encourage you when you are going through some trials Satan is real and he is attacking whoever because he knows his time on this earth is limited This book tells of a few ways that the devil tried to destroy me but as Bishop Paul S Morton say I m still standing The devil is still doing the very same thing he was doing way back in the Old Testament days He asked Eve did God really say that He s asking us the same question to try and make us doubt God A Concordance of the Qur'an Hanna E. Kassis,2023-11-03 From the Foreword This Concordance of the Qur an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur an is not really translatable This does not mean that the Qur an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis s concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur an the word pride for example is directed immediately to the roots of the Arabic Qur anic terms for pride At the entries for these Arabic roots all the derivative forms are shown and the verses of the Qur an in which they appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur an The benefit derivab *A complete body of doctrinal and practical divinity; or, a system of Evangelical truths, deduced from the Sacred Scriptures.
