But Where Is Love:

But Love's Objected Joseph Dussourd, 2007-10-10 *But Love's Objected* is a science fiction fantasy novel by Joseph Dussourd which examines the practical and philosophical conflict that exists between debit and credit based economies as mining colonies are established on the moon and as the middle class begins to colonize the solar system *But Love's Objected* depicts these issues as a conflict of personalities between the two main characters John Jake Jackson and Richard Mendel Bellbridge who are hopelessly deadlocked over the separation of church and state and the value cost and role of organized government as the earth based economy faces collapse and as mankind begins to push out into the colonization of space One will not survive this conflict *But Love's Objected* is not a typical sci fi adventure with aliens and ray guns and heroic humanoids it addresses some of the most profound issues facing mankind as we enter the new millennium For more information please go to josephdussourd.com
