BUTTER BOX BABIES

Butterbox Babies:

Butterbox Babies Bette L. Cahill, 2006 Many of the babies born at the Ideal Maternity Home in East Chester Nova Scotia were not adopted Instead they mysteriously disappeared becoming known as butterbox babies named after the grocery delivery boxes that they were buried in Since Bette Cahill first wrote about this shocking truth in 1992 she continued to research the story and corresponded with many of the home's survivors In this expanded edition she shares her ongoing examination revealing the sometimes happy often heartbreaking endings of survivors searching for their birth parents

The Traffic in Babies Karen Andrea Balcom, 2011-01-01 Exploring how and why babies were moved across borders The Traffic in Babies is a fascinating look at how social workers and other policy makers tried to find birth mothers adopted children and adoptive parents

Butterbox Babies George Presley, 2020-07-03 February 1928 in Nova Scotia a certain maternity home was opened by William and Lila Young it was initially called The Life and Health Sanitarium It claimed to provide maternity care for local married couples and discreet birthing and placement for unwed mothers The Home was a center for illegal adoptions across the United States and Canada as the US laws had not legalized adoption across religious backgrounds leaving many Jewish families without any adoption options As time went on the Youngs practices turned out to be increasingly degenerate They would intentionally starve unmarketable children to death by taking care of them just molasses and water The children they couldn't sell were burned in the Home's furnace or buried in the backyard of the property in a box hence the name Butterbox babies They are also said to have separated and created siblings and twins according to what their customers wanted In some cases they even told the local mothers that their child had died so that they could use it for their benefit A few couples settled up to 10 000 for a child On occasion there were as much as 100 children accessible for selection This atrocity was made possible due to the peril of reformatory mentalities toward ladies and the threat of controlling the conceptive alternatives for couples who saw the Youngs as a save heaven completely oblivious to the fact that they were being extorted for monetary gains My heart goes out to those innocent babies that were killed during the time and those mothers who were told their babies were dead I cannot begin to imagine the pain they must have all felt Get your copy of this book today by clicking on BUY NOW

Butterbox Babies Christopher Gibson, 2021-10-27 This book tells the dark story of a maternity hospital in Nova Scotia that was owned and operated by a couple William Young and his wife Lila Young Their business has become known as the ideal maternity home and they charged extremely high prices Women in this region were earning about 8 a week at the time and had no choice but to work for the Youngs until they were able to pay their bills Legal contracts have been signed by single mothers giving the Youngs legal authority over their children and adoptions As at that time there was no adoption procedure legalized in religious circles by the laws of the United States thus leaving many Jewish families with no further adoption options It was then discovered that the Youngs would deliberately starve the unmarketable children by feeding them only molasses and water the children usually only

lasted two weeks Dead children were thrown into small wooden grocery boxes usually used for dairy products Hence the name Butterbox Babies The children were buried on the property next to a nearby cemetery at sea or sometimes burned in a furnace While at least a thousand more survived and were adopted the lucky survivors often suffered from illnesses caused by unsanitary conditions and lack of proper care
