**Butterfly's Dream** Ippo Keido,2012-08-07 This Chinese children s book tells an ancient Chinese zen koan and is great for parents who want to expose their kids to Taoist thinking The stories of the Taoist teacher and storyteller Chuang Tzu have long been revered for their whimsical simplicity and childlike sense of wonder Admired by poets artists and philosophers his stories ask us to see the world from new and unique perspectives This imaginative book is based on one of Chuang Tzu s most famous stories in which the storyteller wakes up and wonders who is the dreamer and who the dreamed The book begins with the butterfly of Chuang Tzu s famous dream taking off on a flight of discovery through fabulous Chinese landscapes captured in beautiful watercolor illustrations The butterfly s adventures its encounters with traditional Chinese characters and the age old but still relevant lessons of the importance of imagination and having an open mind make this an inspiring and thought provoking reading experience for children [Butterfly's Dream](#) Marian C. Ghilea,2018-09-02 Once upon a time I dreamed I was a butterfly This is how Chuang Tzu s famous anecdote begins It is a short parable about the relativity of perception written more than two thousand years ago Many of us have experienced similar situations and wondered at times if we could tell dreams from reality Butterfly s Dream expands Chuang Tzu s story into a surreal quest of adventure romance and self discovery at the end of the 18th century Despite the fantasy like atmosphere the novel accurately follows the laws of physics and would best fit into the hard sci fi category Alberto is the second lieutenant on Excelsior a military brig involved mostly on sea patrolling missions He has a keen interest in science and a mind inclined towards exploration and introspection Most of his sailing trips are uneventful with his ship transporting troops and ammunition to various locations managed by the navy But things are about to change When the ship encounters a magnetic storm the crew members find themselves sailing in uncharted waters The next day Excelsior casts anchor at the pier of a mysterious city that doesn t seem to be located on Earth Soon Alberto becomes involved in complex events that make him question the surrounding reality and even his sanity The fabulous world he gets to explore looks nothing like the world from his space and time And what are space and time after all In this place so different from Earth Alberto meets Nivit a beautiful and accomplished physician and falls in love with her Soon they are swept into an unexpected journey of adventure and self discovery that carries them through stranger and stranger realms and realities Can the rational mind defy the irrational Can love defend against extreme weather and death Does time always flow in the same direction What is real What is a dream A mirror reflecting itself What would it show A mirror reflecting another mirror What would it see Look inside the mirror open the door step onto the path stretching beyond its surface and you might find out Are you ready If you enjoy reading this story I have a favor to ask Please write a review about it and recommend it to your friends But only if you like it [Love O2O](#) Dishani Seth, Love O2O is a popular Chinese drama series based on the novel of the same name by Gu Man It tells the story of Bei Weiwei played by Zheng Shuang a talented computer science major who excels in an online role playing game called A

Chinese Ghost Story In the game she is known as Luwei Weiwei and is the top player on the server When Bei Weiwei meets Xiao Nai played by Yang Yang the handsome and intelligent campus heartthrob they quickly develop a connection Unbeknownst to Weiwei Xiao Nai is also the top player in A Chinese Ghost Story under the username Yixiao Naihe Their virtual and real lives become intertwined as they navigate their budding romance dealing with challenges both in the gaming world and in reality The drama explores themes of love friendship and the intersection of virtual and real life relationships It is a lighthearted and romantic series that has garnered a large fanbase particularly among fans of both gaming and romance genres

Chuang-Tzu for Spiritual Transformation Robert Elliott Allinson,1989-01-01 This book offers a fundamentally new interpretation of the philosophy of the Chuang Tzu It is the first full length work of its kind which argues that a deep level cognitive structure exists beneath an otherwise random collection of literary anecdotes cryptic sayings and dark allusions The author carefully analyzes myths legends monstrous characters paradoxes parables and linguistic puzzles as strategically placed techniques for systematically tapping and channeling the spiritual dimensions of the mind Allinson takes issue with commentators who have treated the Chuang Tzu as a minor foray into relativism Chapter titles are re translated textual fragments are relocated and inauthentic outer miscellaneous chapters are carefully separated from the transformatory message of the authentic inner chapters Each of the inner chapters is shown to be a building block to the next so that they can only be understood as forming a developmental sequence In the end the reader is presented with a clear consistent and coherent view of the Chuang Tzu that is more in accord with its stature as a major philosophical work
