By Night Under The Stone Bridge:

By Night Under the Stone Bridge Leo Perutz,2013-06-01 Rudolf II king of Bohemia and Holy Roman Emperor is paranoid spendthrift and wayward In sixteenth century Prague seat of Christendom he rules over an empty treasury and a court of parasites and schemers Meanwhile in the ghetto the Great Rabbi mystic and seer guides his people in the uneasy cohabitation of Jew and Christian while the fabulously wealthy financier Mordechai Meisl has a hand in transactions across Europe and is reputed to be sustaining the treasury His beautiful wife Esther forms a link of a different sort between the castle and the ghetto by night under the stone bridge she and the emperor entwine in their dreams under the guise of a white rosemary bush and a red rose Only by severing the two plants can the Great Rabbi break the spell of forbidden love and deliver the city from the wrath of God Perutz brings Old Prague to life with a cast of characters ranging from alchemists to the angel Asael and including the likes of Johannes Kepler and the outlaw prince Wallenstein **Prague Palimpsest**

Alfred Thomas,2010-10-15 A city of immense literary mystique Prague has inspired writers across the centuries with its beauty cosmopolitanism and tragic history Envisioning the ancient city in central Europe as a multilayered text or palimpsest that has been constantly revised and rewritten from the medieval and Renaissance chroniclers who legitimized the city s foundational origins to the modernists of the early twentieth century who established its reputation as the new capital of the avant garde Alfred Thomas argues that Prague has become a paradoxical site of inscription and effacement of memory and forgetting a utopian link to the prewar and pre Holocaust European past and a dystopia of totalitarian amnesia Considering a wide range of writers including the city s most famous son Franz Kafka Prague Palimpsest reassesses the work of poets and novelists such as Bohumil Hrabal Milan Kundera Gustav Meyrink Jan Neruda V t zslav Nezval and Rainer Maria Rilke and engages with other famous authors who wrote Prague including Guillaume Apollinaire Ingeborg Bachmann Albert Camus Paul Celan and W G Sebald The result is a comparative interdisciplinary study that helps to explain why Prague more than any other major European city has haunted the cultural and political imagination of the West *Jewish Fantasy Worldwide*

Valerie Estelle Frankel,2023-04-04 *Jewish Fantasy Worldwide Trends in Speculative Stories from Australia to Chile* reaches beyond American fiction to reveal a spectrum of Jewish imagination The chapters in this collection cover speculative works by Jewish artists and about Jewish characters from a broad range of national contexts including post Holocaust Europe the Soviet Union Israel South America French Canada and the Middle East The contributors consider various media including novels short stories film YouTube videos and fanfiction Essays explore topics ranging from the ancient Jewish kingdom of Khazaria to modern university classes and the revival of Yiddish to the breadth of LGBTQ representation For scholars and fans alike this collection of essays will provide new perspectives on Jewish presences in speculative fiction around the world

All Religion Is Inter-Religion Kambiz GhaneaBassiri,Paul Robertson,2019-07-11 *All Religion Is Inter Religion* analyses the ways inter religious relations have contributed both historically and philosophically to the constructions of the category

of religion as a distinct subject of study Regarded as contemporary classics Steven M Wasserstrom's *Religion after Religion* 1999 and *Between Muslim and Jew* 1995 provided a theoretical reorientation for the study of religion away from hierophanies and ultimacy and toward lived history and deep pluralism This book distills and systematizes this reorientation into nine theses on the study of religion Drawing on these theses and Wasserstrom's opus more generally a distinguished group of his colleagues and former students demonstrate that religions can and must be understood through encounters in real time and space through the complex relations they create and maintain between people and between people and their pasts The book also features an afterword by Wasserstrom himself which poses nine riddles to students of religion based on his personal experiences working on religion at the turn of the twenty first century
