The Materialities of Greek Tragedy Mario Telò, Melissa Mueller, 2018-06-14 Situated within contemporary posthumanism this volume offers theoretical and practical approaches to materiality in Greek tragedy Established and emerging scholars explore how works of the three major Greek tragedians problematize objects and affect providing fresh readings of some of the masterpieces of Aeschylus Sophocles and Euripides The so called new materialisms have complemented the study of objects as signifiers or symbols with an interest in their agency and vitality their sensuous force and psychosomatic impact and conversely their resistance and irreducible aloofness At the same time emotion has been recast as material affect an intense flow of energies between bodies animate and inanimate Powerfully contributing to the current critical debate on materiality the essays collected here destabilize established interpretations suggesting alternative approaches and pointing toward a newly robust sense of the physicality of Greek tragedy

Martin Luther's Hidden God Timothy Scott Landrum, 2022-04-05 The presence of evil in a world said by God to be good is perhaps humanity's most vexing challenge Where is God in all this is a universal cry The answers are as numerous and varied as those offering them but little is accomplished it seems to ease the pain of a God who doesn't behave according to law logic or rationale Into this melee Martin Luther waded with his distinction between God preached and God not preached and hiding Though not always appreciated Luther's thought speaks to the various dimensions of the problem and proclaims a definitive answer Martin Luther's Hidden God traces the origins of Luther's thought on the matter explores how his teaching compliments and conflicts with the teaching offered by certain post Reformation Lutheran theologians and philosophers of religion before distilling his thought into a preliminary apologetic for the problem of evil and divine hiddenness that spans the breadth of the issue from a uniquely Lutheran perspective
