**By Avon River** H.D., 2016-11-23 Superb Vetter's incisive introduction offers one of the first approaches to theorizing women's late modernist literary production as advancing specifically hybrid works located at the juncture of personal national and nationalist concerns Cynthia Hogue coeditor of *The Sword Went Out to Sea* This edition with its finely written introduction and meticulous annotation opens up new understandings of H D the major modernist writer as she meditates postwar on the inner life of Shakespeare the icon of English literature and on the women missing from his plays A beautiful and thoughtful book Jane Augustine editor of *The Gift and The Mystery* H D called *By Avon River* the first book that really made me happy In this annotated edition Lara Vetter argues that the volume represented a turning point in H D's career a major shift from lyric poetry to the experimental forms of writing that would dominate her later works Near the end of World War II after having remained in London throughout the Blitz H D made a pilgrimage to Stratford upon Avon Shakespeare's birthplace This experience resulted in a hybrid volume of poetry about *The Tempest* and prose about Shakespeare and his contemporaries Featuring a tour de force introduction and extensive explanatory notes this is the first edition of the work to appear since its original publication in 1949 Increasingly after the war H D sought new forms of writing to express her persistent interests in the politics of gender and in issues of nationhood and home *By Avon River* was one of her only postwar works to cross over to mainstream audiences and as such is a welcome addition to our understanding of this significant modernist writer
