Who's who in New York City and State Lewis Randolph Hamersly, John William Leonard, William Frederick Mohr, Herman Warren Knox, Frank R. Holmes, Winfield Scott Downs,1929 Containing authentic biographies of New Yorkers who are leaders and representatives in various departments of worthy human achievement including sketches of every army and navy officer born in or appointed from New York and now serving of all the congressmen from the state all state senators and judges and all ambassadors ministers and consuls appointed from New York **Boardman Robinson: Ninety Three Drawings** George Biddle,1937 Gender and Activism in a Little Magazine Rachel Schreiber,2017-07-05 Interweaving nuanced discussions of politics visuality and gender Gender and Activism in a Little Magazine uncovers the complex ways that gender figures into the graphic satire created by artists for the New York City based socialist journal the Masses This exceptional magazine was published between 1911 and 1917 during an unusually radical decade in American history and featured cartoons drawn by artists of the Ashcan School and others addressing questions of politics gender labor and class Rather than viewing art from the Masses primarily in terms of its critical social stances or aesthetic choices however this

study uses these images to open up new ways of understanding the complexity of early 20th century viewpoints By focusing on the activist images found in the Masses and studying their unique perspective on American modernity Rachel Schreiber also returns these often ignored images to their rightful place in the scholarship on American modernism This book demonstrates that the centrality of the Masses artists commitments to gender and class equality is itself a characterization of the importance of these issues for American moderns Despite their alarmingly regular reliance on gender stereotypes and regardless of any assessment of the efficacy of the artists activism the graphic satire of the Masses offers invaluable insights into the workings of gender and the role of images in activist practices at the beginning of the last century [Art Guides ...: Painting & sculpture in the Justice Department building, Washington ,1938](#)
