Body And The Writing From A Mennonite Life:

The Body and the Book Julia Spicher Kasdorf, 2009-01-01 A collection of essays by poet Julia Spicher Kasdorf focusing on aspects of Mennonite life. Essays examine issues of gender, cultural and religious identity as they relate to the emergence and exercise of literary authority. Provided by publisher. [Queering Mennonite Literature](#) Daniel Shank Cruz, 2019-01-27 Though the terms queer and Mennonite rarely come into theoretical or cultural contact over the last several decades, writers and scholars in the United States and Canada have built a body of queer Mennonite literature that shifts these identities into conversation. In this volume, Daniel Shank Cruz brings this growing genre into a critical focus, bridging the gaps between queer theory, literary criticism, and Mennonite literature. Cruz focuses his analysis on recent Mennonite-authored literary texts that espouse queer theoretical principles, including Christina Penner's *Widows of Hamilton House*, Wes Funk's *Wes Side Story*, and Sofia Samatar's *Tender*. These works argue for the existence of a queer Mennonite identity on the basis of shared values: a commitment to social justice, a rejection of binaries, the importance of creative approaches to conflict resolution, and the practice of mutual aid, especially in resisting oppression. Through his analysis, Cruz encourages those engaging with both Mennonite and queer literary criticism to explore the opportunity for conversation and overlap between the two fields. By arguing for engagement between these two identities and highlighting the aspects of Mennonitism that are inherently queer, Cruz gives much-needed attention to an emerging subfield of Mennonite literature. This volume makes a new and important intervention into the fields of queer theory, literary studies, Mennonite studies, and religious studies. [Ethics for Apocalyptic Times](#) Daniel Shank Cruz, 2023-11-21 *Ethics for Apocalyptic Times* is about the role literature can play in helping readers cope with our present-day crises, including the COVID-19 pandemic, climate change, and the shift toward fascism in global politics. Using the lens of Mennonite literature and their own personal experience as a culturally Mennonite, queer, Latinx person, Daniel Shank Cruz investigates the age-old question of what literature's role in society should be and argues that when we read literature theopoetically, we can glean a relational ethic that teaches us how to act in our difficult times. In this book, Cruz theorizes theopoetics, a feminist reading strategy that reveals the Divine via literature based on lived experiences, and extends the concept to show how it is queer, decolonial, and equally applicable to secular and religious discourse. Cruz's analysis focuses on Mennonite literature, including Sofia Samatar's short story collection *Tender* and Miriam Toews's novel *Women Talking*, but also examines a non-Mennonite text, Samuel R. Delany's novel *The Mad Man*, alongside practices of haiku and tarot to show how reading theopoetically is transferable to other literary traditions. Weaving together close reading and personal narrative, this pathbreaking book makes a significant and original contribution to the field of Mennonite literary studies. Cruz's arguments will also be appreciated by literary scholars interested in queer theory and the role of literature in society. **After Identity** Robert Zacharias, 2015-11-11 For decades, the field of Mennonite literature has been dominated by the question of Mennonite identity. *After Identity* interrogates this prolonged preoccupation and explores the potential to

move beyond it to a truly post identity Mennonite literature The twelve essays collected here view Mennonite writing as transitioning beyond a tradition concerned primarily with defining itself and its cultural milieu What this means for the future of Mennonite literature and its attendant criticism is the question at the heart of this volume Contributors explore the histories and contexts as well as the gaps that have informed and diverted the perennial focus on identity in Mennonite literature even as that identity is reread reframed and expanded After Identity is a timely reappraisal of the Mennonite literature of Canada and the United States at the very moment when that literature seems ready to progress into a new era In addition to the editor the contributors are Ervin Beck Di Brandt Daniel Shank Cruz Jeff Gundy Ann Hostetler Julia Spicher Kasdorf Royden Loewen Jesse Nathan Magdalene Redekop Hildi Froese Tiessen and Paul Tiessen
