

Mark had always loved his wife, Karen. Their relationship was perfect—solid, loving, and full of trust. But her teenage daughter, Chloe, was a completely different story. Chloe was a nightmare. She despised him simply because he was trying to be a father figure in her life, and worse, because he was married to her mother. She'd slam doors, shout at him, bring her obnoxious boyfriend over constantly, knowing full well Mark hated it. They clashed at every turn, and nothing he did seemed to get through to her.

One night, after another heated argument about Chloe's boyfriend coming over again, something strange happened. Mark went to bed, fuming, but woke up to the terrifying realization that he wasn't in his own body. He was in Chloe's.

At the same moment, Chloe stormed into his room—in his body—and they immediately began screaming at each other. Accusations flew, each blaming the other for whatever bizarre event had caused them to swap bodies. The argument was loud and chaotic, but soon they both realized no one would believe them if they told the truth. After a tense back-and-forth, they grudgingly agreed to pretend to be each other until they figured out how to reverse the switch. What they didn't expect was how quickly their new bodies would start affecting them. Mark, now in Chloe's body, began feeling the pull of her teenage impulses, her emotions flaring in ways he couldn't control.

Mark stood in front of the mirror in Chloe's room, staring at her reflection—his reflection now. He was wearing a purple sports bra and a matching skirt, a casual outfit Chloe would normally wear after her runs. He hadn't meant to, but after a few days in her body, it felt oddly natural. He lifted Chloe's phone, snapping a quick selfie before sighing. How had he ended up here? In his stepdaughter's body, pretending to live her life?

The phone buzzed, pulling him out of his thoughts. It was a message—from her boyfriend.

"Hey babe, I'm coming over tonight. Missed you. Can't wait to pick up where we left off. 😊 Wear that cute little bra I like."

Mark's stomach churned with disgust and unease as he stared at the screen. What the hell was he supposed to do about this? His hands, small and dainty in Chloe's form, trembled as he scrolled through the messages. There were more from the boyfriend—leazy and filled with suggestive emojis.

"Last night was so hot. Think we can go even further tonight? 😏 I know you're ready."

Mark felt his face flush—whether from Chloe's teenage hormones or his own fury, he couldn't tell. How did Chloe deal with this? How did she let this guy talk to her like that?

He glanced at the mirror again, trying to picture how he would even confront the boyfriend. But the reflection that stared back at him wasn't a man, wasn't him—it was a teenage girl, biting her lip nervously, wearing a tight, revealing outfit.

"I can't believe I'm stuck like this," he muttered to himself, gripping the phone tightly as the messages continued to pop up.

**Garden of Souls** Diana Gurley Ph.D.,2022-02-15 This book is about trauma but it is not about therapy or individual correction and transformation Instead it is about the ways our small tribes of families friends and colleagues can create wholesome environments and groups that understand the nature of trauma and thoughtfully counteract the conditions that make harrowing experiences possible After a discussion of the nature of traumatic events and the variety of human responses to it the book explores how traumatic experience relies on chaos and the destruction of norms and suggests ways we can build meaningful structure and rhythms It proposes that a world of isolation can lose its effect when people make connections with others based on what is good and lovely and shared It considers ways to practice discernment and critical thinking as a counterbalance to confusion and lies Helplessness is a signature factor in traumatic experience but it loses its power when a community identifies personal and social resources and makes sure people have access to what they need Grief uncovered can be shared Life affirming strength can be differentiated from domination and selfishness Traumatic events that are layered by repetition of racism and ostracism can be seen and understood and advocates can step forward Release is possible but only when we as communities create safe and wholesome places where each of us can be respected and valued This book suggests many ways to understand these ideas to practice them and to question our assumptions about what is broken It calls for us to stand for humanity beginning with those we know
