Bodying Forth Patrick W. Collins, 1992 **Sacred Music and Liturgical Reform** Rev. Anthony Ruff, O.S.B., 2022-01-07
Anthony Ruff O S B has written a brilliant comprehensive well researched book about the treasures of the Church s musical tradition and about the transformations brought about by liturgical reform The liturgy constitution Sacrosanctum Concilium stated many revolutionary principles of liturgical reform Regarding liturgical music the Council s decrees mandated on the one hand the preservation of the inherited treasury of sacred music and on the other hand advocated adaptation and expansion of this treasury to meet the changed requirements of the reformed liturgy In clear precise language he retrieves the Council s neglected teachings on the preservation of the inherited music treasury He clearly shows that this task is not at odds with good pastoral practice but is rather an integral part of it The book proposes an alternate hermeneutic for understanding the Second Vatican Council s teachings on worship music **Education in a Catholic Perspective** John Sullivan, 2016-04-29 A distance is opening up between Catholic education and the rich intellectual heritage of the Catholic Church Education in a Catholic Perspective explores Catholic philosophical and theological foundations for both education per se and for Catholic education in particular With contributions spanning the theological foundations of Catholic education the interplay of theology and education and discussions of the social and missional dimensions of education this book will be of considerable interest to educators and students of Catholic education to academics in the fields of applied theology and philosophy and to those with an interest in the foundations of education **Beyond Maintenance to Mission** Craig L. Nesson, 1999 This book argues compellingly for the centrality of mission in understanding the church and provides a model for congregational leadership that will help move congregations beyond a maintenance mentality to vital engagement with the world God loves Nesson s model of congregational leadership is strongly centered on worship life of a congregation and the entirety of the church s ministry The chapters provide solid theological and practical direction on the themes of worship education fellowship stewardship evangelism global connections ecumenism and social ministry It is a book that will find a home in both the academy and the parish a textbook for seminarians and a guide and resource for pastors and lay congregational leaders **Faith & Form** , 1992 *Music in Christian Worship* Wilma A.
