Reproduction of the original The Theological Tractates and The Consolation of Philosophy by Anicius Manlius Severinus Boethius

The Theological Tractates and The Consolation of Philosophy Boethius, 2007
Boethius's Consolation of Philosophy is considered as one of the most important and influential works of medieval times. Written during Boethius's year-long imprisonment for treason which would ultimately lead to his tortuous execution, Consolation of Philosophy is a classical exposition of human nature as Boethius reflects on the treacherous betrayal by his friends that led to him quickly falling out of the favor with his lord. Presented here in this volume is H F Stewart's translation of Consolation of Philosophy and The Theological Tractates.

The Theological Tractates Boethius, 2018-04-30
Boethius The Theological Tractates The Consolation of Philosophy Anicius Manlius Severinus Boethius commonly called Boethius 477-524 AD was a Roman senator, consul, magister officiorum, and philosopher of the early 6th century. Anicius Manlius Severinus Boethius of the famous Praenestine family of the Anicii was born about 480 AD in Rome. His father was an ex-consul; he himself was consul under Theodoric the Ostrogoth in 510 and his two sons, children of a great-granddaughter of the renowned Q. Aurelius Symmachus, were joint consuls in 522. His public career was splendid and honourable as befitted a man of his race, attainments, and character. But he fell under the displeasure of Theodoric and was charged with conspiring to deliver Rome from his rule and with corresponding treasonably to this end with Justin Emperor of the East. He was thrown into prison at Pavia where he wrote the Consolation of Philosophy and he was brutally put to death in 524. His brief and busy life was marked by great literary achievement. His learning was vast, his industry untiring, his object unattainable, nothing less than the transmission to his countrymen of all the works of Plato and Aristotle and the reconciliation of their apparently divergent views. To form the idea was a silent judgment on the learning of his day to realize it was more than one man could accomplish, but Boethius accomplished much. He translated the Greek Eisagogae of Porphyry and the whole of Aristotle's Organon. He wrote a double commentary on the Greek Eisagogae and commentaries on the Categories and the De Interpretatione of Aristotle and on the Topica of Cicero. He also composed original treatises on the categorical and hypothetical syllogism, on Division, and on Topical Differences. He adapted the arithmetic of Nicomachus and his textbook on music, founded on various Greek authorities, was in use at Oxford and Cambridge until modern times. His five theological Tractates are here together with the Consolation of Philosophy to speak for themselves.

The Theological Tractates and the Consolation of Philosophy (Latin and English) Anicius Manlius Boethius, 2013-09-04
Boethius was the last of the Roman philosophers and the first of the scholastic theologians. The present volume serves to prove the truth of both these assertions. The Consolation of Philosophy is indeed, as Gibbon called it, a golden volume, not unworthy of the leisure of Plato or of Tully. To belittle its originality and sincerity, as is sometimes done with a view to saving the Christianity of the writer, is to misunderstand his mind and his method. The

Consolatio is not as has been maintained a mere patchwork of translations from Aristotle and the Neoplatonists Rather it is the supreme essay of one who throughout his life had found his highest solace in the dry light of reason His chief source of refreshment in the dungeon to which his beloved library had not accompanied him was a memory well stocked with the poetry and thought of former days The development of the argument is anything but Neoplatonic it is all his own And if the Consolation of Philosophy admits Boethius to the company of Cicero or even of Plato the theological Tractates mark him as the forerunner of St Thomas It was the habit of a former generation to regard Boethius as an eclectic the transmitter of a distorted Aristotelianism a pagan or at best a luke warm Christian who at the end cast off the faith which he had worn in times of peace and wrapped himself in the philosophic cloak which properly belonged to him The authenticity of the Tractates was freely denied We know better now
