Robert F. Taft

Bogoslovskie Trudy Sbornik:

Slavic Scriptures Henry R. Cooper, 2003 *Slavic Scriptures* traces the development of the Church Slavonic Version of the Christian Bible a version still in active use today by the Russian Orthodox Church and considered authoritative by other Slavic Orthodox churches as well from the very earliest translations by missionaries to the Slavs in the ninth century through to the Slavic Bible controversies of the late twentieth century It focusses particular attention on the work of the Byzantine saints Cyril and Methodius the continuation of their initiatives in medieval Bulgaria and the completion of their efforts in medieval and Enlightenment Russia It provides basic information on Christian scriptures in general and an extensive bibliography of works in a variety of languages including English which treat Church Slavonic Bible matters The text of the study is aimed at a general readership interested in biblical issues as a whole and particularly among the Slavs while the apparatus explores scholarly ramifications and controversies of concern to those specializing in Slavic and biblical studies

Taft, 1996 [Canadian - American Slavic Studies](#), 1991 A quarterly journal devoted to Russia and East Europe **Histoire Russe**, 2007 **His Kingdom Come** Jennifer Hedda, 2008 Jennifer Hedda analyzes the ideas and activities of the parish clergy serving in St Petersburg the capital of imperial Russia in order to discover how the Russian Orthodox Church responded theologically and pastorally to the profound social economic and cultural changes that transformed Russia during the nineteenth and early twentieth centuries The challenges of modernity forced the Orthodox clergy like other members of educated society to re examine their interpretation of the Church s earthly mission and their own role in fulfilling it During the mid nineteenth century Orthodox

theologians began to argue that the church had a responsibility to society as well as to individuals and to assert that its mission was to lead believers in building a society that manifested the gospel principles of love mercy charity and justice The idea of creating the kingdom of God on earth inspired many clergymen who dramatically increased their social outreach work in the last two decades of the nineteenth century preaching during church services teaching outside their churches organizing charities establishing temperance societies and engaging in a host of other activities that involved them in the daily lives of their parishioners The clergy s work culminated in 1905 when a workers organization established by an Orthodox priest became a mass political movement whose activities sparked a revolution His Kingdom Come challenges many common assumptions about the Orthodox Church as a weak and passive institution that did not respond to the demands of the modern world demonstrating that it played an active and creative role in late imperial society albeit on its own terms rather than those of its secular critics This book will be of particular interest to those who study the politics and society of Russia in the imperial period the history of the Russian Orthodox Church in the modern era the relationship of religious institutions to
