E. Gontarski,2018-05-31 Revisioning Beckett reassesses Beckett s career and literary output particularly his engagement with what might be called decadent modernism Gontarski approaches Beckett from multiple viewpoints from his running afoul of the Irish Censorship of Publications Acts in the 1930s through the 1950s his preoccupations to find literature in the pornography or beneath the pornography his battles with the Lord Chamberlain in the mid 1950s over London stagings of his first two plays and his close professional and personal associations with publishers who celebrated the work of the

demimonde Much of that term encompasses an opening to the fullness of human experience denied in previous centuries and much of that has been sexual or decadent As Gontarski shows the aesthetics that emerges from such early career encounters and associations continues to inform Beckett s work and develops into experimental modes that upend literary models and middle class values an aesthetics that furthermore has inspired any number of visual artists to re vision Beckett

Conversation with a Skeleton Edward Fisher,2012-02-02 Edward Fishers first collection of poems Conversation with a Skeleton is a haunting meticulously crafted tour de force At once passionate and lyrical it is both a lament for and defense of a lost Bohemia In it he plumbs the depths of a mood of disquietude defiant in the face of certain trends in American cultureits unchecked militarism its imperial propaganda and the corporate colonization of consciousness all of which show little sympathy for poets and tend to marginalize dismiss or even steer them toward martyrdom Here are sleepless nights oedipal anxieties a psychological exploration of writers block a disturbing look at our

epidemic of missing and exploited children a melancholy meditation on black holes the atomic age and the extinction of species along with homages to a pantheon of dead poets who dominate his sensibilities and style At home in both free verse and more traditional form Fisher does not shy away from the challenges posed to modern practitioners by meter and rhyme These are moments of vision and witness that dare to stare unflinchingly into the existential abyss the dilemma of ourselves in the midst of a world at the brink in all its tragic tortured dimensions *The Hussite Wars* Francis Lützow (hrabě),1914
