**Bohemians to Hippies** Lois Rather,1977    **Theatre West** ,2022-06-08    **Flowers Through Concrete** Juliane Fürst,2021-03-11 Flowers through Concrete Explorations in Soviet Hippieland does what the title promises It takes readers on a journey into a world few knew existed the lives and thoughts of Soviet hippies who in the face of disapproval and repression created a version of Western counterculture skilfully adapting manipulating and shaping it to their late socialist environment As a quasi guide into the underground hippieland readers are situated in the world of hippies firmly in late Soviet reality and are offered an unusual history of the last Soviet decades as well as a case study in the power of transnational youth cultures Flowers through Concrete recounts not only a compelling story of survival against the odds hippies were harassed by police shorn of their hair by civilian guards and confined in psychiatric hospitals by doctors who believed non conformism was a symptom of schizophrenia It also advances a surprising argument despite obvious antagonism the land of Soviet hippies and the world of late socialism were not incompatible Indeed Soviet hippies and late socialist reality meshed so well that the hostile yet stable relationship that emerged was in many ways symbiotic Ultimately it was not the KGB but the arrival of capitalism in the 1990s that ended the Soviet hippie sistema    *Easternization of the West* Colin Campbell,2015-11-17 In this provocative and groundbreaking book Colin Campbell shows that the civilization of the West is undergoing a revolutionary process of change one in which features that have characterized the West for two thousand years are in the process of being marginalized to be replaced by those more often associated with the civilizations of the East Moving far beyond popular trends Campbell assembles a powerful range of evidence to show how Easternization has been building throughout the last century especially since the 1960s Campbell demonstrates how it was largely in the 1960s that new interpretations in theology political thought and science were widely adopted by a new generation of young culture carriers This highly original and wide ranging book advances a thesis that will be of interest to scholars in many disciplines in the humanities and social sciences    *The Bohemian Grove Theatrics* Gary John Graves,1993    **The Permissive Society and Its Enemies** Marcus Collins,2007 Deconstructing the myth of Britain s swinging sixties this collection of essays examines the revolution of cultural permissiveness in postwar Britain and how societal debates over drug use pornography and women s rights of this period have influenced current thinking Britain s period of nebulous social change is analyzed by defining permissiveness locating the movement s origins identifying its proponents and opponents and assessing long term consequences Discussions of ludic liberalism lesbian politics beatnik ideology and the rise of the moral crusader highlight the developing subcultures of Britain s society    **The Changing Role of the Arts in San Francisco - 1965-1977** Marylyn Edna Ward,1982    **The California Handbook** ,1987    **The California Handbook** Thaddeus C. Library of Congress,1978      *Three Writers of the Far West* Ray C. Longtin,1980      **The Bohemian South** Shawn Chandler Bingham,Lindsey A. Freeman,2017-05-08 From the southern influence on nineteenth century New York to the musical legacy of late twentieth century Athens Georgia to the cutting edge cuisines of twenty first century Asheville North Carolina the bohemian South has long contested traditional views of the region Yet even as the fruits of this creative South have famously been celebrated exported and expropriated the region long was labeled a cultural backwater This timely and illuminating collection uses bohemia as a novel lens for reconsidering more traditional views of the South Exploring wide ranging locales such as Athens Austin Black Mountain College Knoxville Memphis New Orleans and North Carolina s Research Triangle each essay challenges popular interpretations of the South while highlighting important bohemian sub and countercultures The Bohemian South provides an important perspective in the New South as an epicenter for progress innovation and experimentation Contributors include Scott Barretta Shawn Chandler Bingham Jaime Cantrell Jon Horne Carter Alex Sayf Cummings Lindsey A Freeman Grace E Hale Joanna Levin Joshua Long Daniel S Margolies Chris Offutt Zandria F Robinson Allen Shelton Daniel Cross Turner Zackary Vernon and Edward Whitley      **The APHA Letter** ,1980      *Small Press Record of Books in Print* Len Fulton,1981      *National Union Catalog* ,1978 Includes entries for maps and atlases
