Bolsheviks Revenge:

The Fate of the Bolshevik Revolution Lara Douds, James Harris, Peter Whitewood, 2020-01-23 How did a regime that promised utopian style freedom end up delivering terror and tyranny For some the Bolsheviks were totalitarian and the descent was inevitable for others Stalin was responsible for others still this period in Russian history was a microcosm of the Cold War The Fate of the Bolshevik Revolution reasons that these arguments are too simplistic Rather the journey from Bolshevik liberation to totalitarianism was riddled with unsuccessful experiments compromises confusion panic self interest and over optimism As this book reveals the emergence and persistence of the Bolshevik dictatorship was in fact the complicated product of a failed democratic transition Drawing on long ignored archival sources and original research this fascinating volume brings together an international team of leading scholars to reconsider one of the most important and controversial questions of 20th century history how to explain the rise of the repressive Stalinist dictatorship *Surviving Hiroshima* Anthony Drago, Douglas Wellman, 2020-09-01 On August 6 1945 22 year old Kaleria Pachikoff was doing pre breakfast chores when a blinding flash lit the sky over Hiroshima Japan A moment later everything went black as the house collapsed on her and her family Their world and everyone else s changed as the first atomic bomb was detonated over a city From Russian nobility the Palchikoff s barely escaped death at the hands of Bolshevik revolutionaries until her father a White Russian officer hijacked a ship to take them to safety in Hiroshima Safety was short lived Her father a talented musician established a new life for the family but the outbreak of World War II created a cloud of suspicion that led to his imprisonment and years of deprivation for his family After the bombing trapped in the center of previously unimagined devastation Kaleria summoned her strength to come to the aid of bomb victims treating the never before seen effects of radiation Fluent in English Kaleria was soon recruited to work with Gen Douglas MacArthur s occupation forces in a number of secretarial positions until the family found a new life in the United States Heavily based on quotes from Kaleria s memoirs written immediately after World War II and transcripts of United States Army Air Force interviews with her her story is an emotional and sometime chilling story of courage and survival in the face of one of history s greatest catastrophes **We Died With Our Boots Clean** Kenneth McAlpine, 2010-12-26 At the age of seventeen Kenneth McAlpine ran away from the Repton school to join Churchill s new elite special force the Royal Marine Commandos As the youngest member of the youngest commando force after three months he found himself fighting on the beaches of Normandy In *We Died With Our Boots Clean* McAlpine tells his own unique story of World War II and his highly eventful military career From an unusual encounter with Montgomery and Patton a concerted attempt to kill a sergeant major and his best friend s arrest for swearing at the Queen of Holland McAlpine paints a fascinating picture of commando life and the harsh training that prepared soldiers for frontline combat in an elite unit Full of absorbing anecdotes such as his time in a military prison and a rescue operation at a concentration camp this book is an essential part of a World War II enthusiast s library *The Bolshevik Adventure* John
