Report of the Commissioner of Agriculture New York (State). Department of Agriculture,1914 *Farms with a Future* Rebecca Thistlethwaite,2013-01-10 What makes a farm sustainable and successful And what special qualities and skills are needed for someone to become a successful farmer Rebecca Thistlethwaite addresses these and other crucial questions in this uniquely important book which is a must read for anyone who aspires to get into farming or who wants to make their farm business more dynamic profitable and above all sustainable Over an entire year the author and her husband

experienced farmers themselves took a sabbatical and traveled the length and breadth of the United States to live and work alongside some of the nation's most innovative farmers. Along the way they learned about best practices and a whole lot about what doesn't work. *Farms with a Future* shares this collective wisdom in an inspirational yet practical manner; it will help beginners avoid many of the common mistakes that first-time farmers make. Just as importantly, it discusses positive ideas that can help make any farm enterprise vibrant and financially profitable. Profiles of more than a dozen representative farms help round out the invaluable information and encourage farmers to embrace their inner entrepreneur. Younger growers in particular will benefit by learning about the right stuff from both their peers and longtime experts. This book provides a useful reference for beginning and experienced farmers alike. While many other books address agricultural production, there are very few that talk about business management for long-term sustainability. *Farms with a Future* offers an approachable, colorful take on building a triple bottom line farming business. **Manufacturers' News**, 1924
