Dr. Laura Schlessinger, 2001-04-10 Dear Parents The world is filled with opportunities temptations challenges and dazzling seductions remember Pinocchio s intoxicated reaction to the Land of Toys How do we best explain to our children that not all things actions or experiences are equally valuable How do we best teach our children that acquiring and consuming are not the main means of making a purposeful and happy life The answer is not simple because it requires a child to accept limitations and practice self discipline We parents must role model those behaviors and principles that we re trying to teach Reading BUT I WAAANNT IT will help you learn how to use the challenging situations of your daily life with your child as teaching tools Children learn well from their own emotional experiences especially when parents are there to guide them and clarify for them the deeper meaning of those significant events Shalom Dr Laura Schlessinger A to Zoo Rebecca L. Beckett, 2013-06-17 This book situates the picturebook genre within the widespread international phenomenon of crossover literature examining an international corpus of picturebooks including artists books wordless picturebooks and celebrity picturebooks that appeal to readers of all ages Focusing on contemporary picturebooks Sandra Beckett shows that the picturebook has traditionally been seen as a children s genre but in the eyes of

many authors illustrators and publishers it is a narrative form that can address any and all age groups Innovative graphics and formats as well as the creative often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children s books The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre Crossover picturebooks are often very complex texts that are challenging for adults as well as children Many are characterized by difficult adult themes genre blending metafictional discourse intertextuality sophisticated graphics and complex text image interplay Exciting experiments with new formats and techniques as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres one that seems to know no boundaries Crossover Picturebooks is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation and contributes significantly to the field of children s literature as a whole
