Butter Battle:

The Butter Battle Book Dr. Seuss, 2013-11-05 In this classic cautionary tale about respecting differences Dr Seuss shows how a small and in this case very silly disagreement can escalate into a big problem A NEW YORK TIMES NOTABLE BOOK But we Yooks as you know when we breakfast or sup spread our bread Grandpa said with the butter side up The Yooks and Zooks share a love of buttered bread but animosity brews between the two groups because they enjoy the tasty treat differently One prefers the butter side up the other prefers the butter side down How far will each side go to prove they're right The timeless and topical rhyming text is an ideal way to teach young children about respect and conflict resolution Whether in the home or in the classroom The Butter Battle Book is a must have for readers of all ages [Journey Toward the Caring Classroom](#) Laurie S. Frank, 2004 Describes how to create an effective learning environment in which students share common interests and goals

For the Sake of Present and Future Generations Suzannah Linton, Gerry Simpson, William A. Schabas, 2015-07-14 Professor Roger Stenson Clark has played a pivotal role in developing International Criminal Law and the movement against nuclear weapons He was one of the intellectual and moral fathers of the International Criminal Court This Festschrift brings together forty one appreciative friends to honour his remarkable contribution The distinguished contributors provide incisive contributions ranging from the reform of the Security Council to rule of law and international justice in Africa to New Zealand cultural heritage to customary international law in US courts and more Threaded through these richly diverse contributions is one common feature a belief in values and morality in human conduct and a passion for transformative use of law for the sake of present and future generations

Children and Cultural Memory in Texts of Childhood Heather Snell, Lorna Hutchison, 2013-11-07 The essays in this collection address the relationship between children and cultural memory in texts both for and about young people The collection overall is concerned with how cultural memory is shaped contested forgotten recovered and re-circulated sometimes in opposition to dominant national narratives and often for the benefit of young readers who are assumed not to possess any prior cultural memory From the innovative development of school libraries in the 1920s to the role of utopianism in fixing cultural memory for teen readers it provides a critical look into children and ideologies of childhood as they are represented in a broad spectrum of texts including film poetry literature and architecture from Canada the United States Japan Germany Britain India and Spain These cultural forms collaborate to shape ideas and values in turn contributing to dominant discourses about national and global citizenship The essays included in the collection imply that childhood is an oft imagined idealist construction based in large part on participation identity and perception childhood is invisible and tangible exciting and intriguing and at times elusive even as cultural and literary artifacts recreate it Children and Cultural Memory in Texts of Childhood is a valuable resource for scholars of children's literature and culture readers interested in childhood and ideology and those working in the fields of diaspora and postcolonial studies
