*Butterbox Survivors* Robert Hartlen,1999 Since the 1992 publication of *Butterbox Babies* the Ideal Maternity Home in Chester Nova Scotia has become synonymous with illegal adoptions and suspicious baby deaths Much attention has been giving neglect of infants at the Home the exorbitant fee paid by adoptive parents and the secretive nature of transactions But what became of the children who were adopted What effect did their shaky beginnings have on their lives Were they loved and cherished or mistreated and ignored Did they feel like family did they always wonder who they were In this comprehensive book author and Survivor Robert Hartlen has compiled the personal stories of thirty six of the adult adoptees who survived the Ideal Maternity Home Here we share in their most private memories and experiences the painful struggles to come to terms with being adopted the epic searches to find birth families and the heartening sense of a surrogate family many adoptees found in many fellow Survivors Also included are stories of some of the birth mothers who gave up their children and some of he adopted mothers who claimed the babies as their own Underlying all the stories is the terrifying realization that except for an act of fate or of grace these Survivors might have shared an unmarked grave with their innocent fellow infants known and remembered as the Butterbox Babies At once uplifting and disquieting these stories not only force us to confront a painful chapter in Nova Scotia s history but also challenge us to reconsider the whole notion of family

**Canadian Book Review Annual** ,1999 *Social Fabric Or Patchwork Quilt* Jeff Keshen,Raymond Benjamin Blake,2006-01-01 Both historical and contemporary features of Canadian social welfare are explored in this wide ranging and in depth collection *Social Fabric or Patchwork Quilt* explores the evolution of the Canadian social welfare state from a system based upon voluntarism and philanthropy to one in which the State s involvement has increased considerably It also shows how the roles of governments at all levels have changed in recent times Chapters describe the developing Canadian welfare state from Confederation to the present Beginning with an integrative framework in the general introduction the selected essays represent many perspectives chronological regional multidisciplinary and ideological An important feature of this collection is the consideration of providers and recipients Such wide ranging outlooks are possible given the diverse backgrounds of contributors which include historians sociologists social workers public policy experts and political scientists As well as historical and sociological studies topics include key programs discussed in detail the quality of services received

by principal target groups new directions in research some contributions even revisit foundational older works and key government documents

**Finding Families, Finding Ourselves** Veronica Jane Strong-Boag, 2006 In *Finding Families Finding Ourselves* historian Veronica Strong Boag examines the realities behind idealized pictures of adoptive families rescuing needy children or adoptees fitting seamlessly into new families The first comprehensive examination of the history of adoption in Canada *Finding Families Finding Ourselves* draws on a broad range of sources from legal cases sociological studies and government policies to fiction and first hand accounts Strong Boag argues that adoption far from being a marginal aspect of Canadian history goes to the heart of who we are as individuals and as a national community With its complicated dance of obligations and rights insiders and outsiders acceptance and rejection adoption reflects the ways in which we as families and as communities have consciously and unconsciously remade ourselves in the course of creating our future

BOOK JACKET *Butterbox Babies* Bette L. Cahill, 2006 Many of the babies born at the Ideal Maternity Home in East Chester Nova Scotia were not adopted Instead they mysteriously disappeared becoming known as butterbox babies named after the grocery delivery boxes that they were buried in Since Bette Cahill first wrote about this shocking truth in 1992 she continued to research the story and corresponded with many of the home s survivors In this expanded edition she shares her ongoing examination revealing the sometimes happy often heartbreaking endings of survivors searching for their birth parents *Acadiensis*, 2001
