Buxton Work And Racial Equality In A Coal Mining Town:

Buxton Dorothy Schwieder, Joseph Hraba, Elmer Schwieder, 2003-10 From 1900 until the early 1920s an unusual community existed in America's heartland Buxton Iowa Originally established by the Consolidation Coal Company Buxton was the largest unincorporated coal mining community in Iowa What made Buxton unique however is the fact that the majority of its 5 000 residents were African Americans a highly unusual racial composition for a state which was over 90 percent white At a time when both southern and northern blacks were disadvantaged and oppressed blacks in Buxton enjoyed true racial integration steady employment above average wages decent housing and minimal discrimination For such reasons Buxton was commonly known as the black man's utopia in Iowa Containing documentary evidence including newspapers census records photographs and state mining reports along with interviews of 75 former residents **Buxton Work and Racial Equality in a Coal Mining Community** originally published in 1987 and winner of the 1988 Benjamin Shambaugh Award explored the Buxton experience from a variety of perspectives The authors an American historian a family sociologist and a race relations sociologist provided a truly interdisciplinary history of one Iowa's most unique communities Now eighty years after the town's demise and fifteen years after Buxton's original publication the history of this Iowa town remains a compelling story that continues to capture people's imaginations In **Buxton A Black Utopia in the Heartland** the authors offer further reflections upon their original study and the many former Buxton residents who shared their memories In the new essay **A Buxton Perspective** issues such as social class and the town's continuing legacy are addressed The voices captured in Buxton although recorded over twenty years ago still resonate with exuberance affection and poignancy this expanded edition will bring their amazing stories back to the forefront of Iowa and American history [Buxton](#) Dorothy Schwieder, Joseph Hraba, Elmer Schwieder, **Coal, Class, and Color** Joe William Trotter, 1990 [Relics of Modernity](#) Andrew F. Williamson, 2020-09-01 A timely compelling collection that allows predominantly Black Midwesterners to reclaim their home histories and future Jen Cox Chicago Review of Books Black Americans have been among the hardest hit by the rapid deindustrialization and accompanying economic decline that have become so synonymous with the Midwest Since the 2016 election many traditional media outlets have renewed attention on the conditions of Middle America but the national discourse continues to marginalize the Black people who live there **Black in the Middle** brings the voices of Black Midwesterners front and center Filled with compelling personal narratives thought provoking art and searing commentaries this anthology explores the various meanings and experiences of blackness throughout the Rust Belt the Midwest and the Great Plains Bringing together people from major metropolitan centers like Detroit and Chicago as well as smaller cities and

rural areas where the lives of Black residents have too often gone unacknowledged this collection is a much needed corrective to the narrative of the region Ambitious and eclectic with African American humanity on display Joseph P Williams Minneapolis Star Tribune The honesty in the essays the emergency in the poetry and the intensity of the photographs and paintings help to sharpen the edge of what it means to be Black in the middle of anything which is the sum of our fears and the hope that manifests itself in our dreams Jason Vasser Elong St Louis Post Dispatch Timely and evocative By calling forth the full range of the Black Midwestern experience this bracing anthology offers crucial insights into why the region is the epicenter of current protests against police brutality and racial injustice Publishers Weekly

Iowa History Reader Marvin Bergman, 2008-03-15 In 1978 historian Joseph Wall wrote that Iowa was still seeking to assert its own identity It has no real center where the elite of either power wealth or culture may congregate Iowa in short is middle America In this collection of well written and accessible essays originally published in 1996 seventeen of the Hawkeye State s most accomplished historians reflect upon the dramatic and not so dramatic shifts in the middle land s history in the nineteenth and twentieth centuries Marvin Bergman has drawn upon his years of editing the Annals of Iowa to gather contributors who cross disciplines model the craft of writing a historical essay cover more than one significant topic and above all interpret history rather than recite it In his preface to this new printing he calls attention to publications that begin to fill the gaps noted in the 1996 edition Rather than survey the basic facts the essayists engage readers in the actual making of Iowa s history by trying to understand the meaning of its past By providing comprehensive accounts of topics in Iowa history that embrace the broader historiographical issues in American history such as the nature of Progressivism and Populism the debate over whether women s expanded roles in wartime carried over to postwar periods and the place of quantification in history the essayists contribute substantially to debates at the national level at the same time that they interpret Iowa s distinctive culture
