By Faith Divided:

Divided by Faith Michael O. Emerson, Christian Smith, 2001 Through a nationwide survey the authors of this study conclude that US Evangelicals may actually be preserving the racial chasm not through active racism but because their theology hinders their ability to recognise systematic injustice *Divided by Faith* Michael O. Emerson, Harry and Hazel Chavanne Fellow in Religion and Public Policy Michael O Emerson, William R Kenan Jr Professor of Sociology Christian Smith, 2025-11-17 *Divided by Faith* has become an American classic This 25th anniversary edition includes new data analysis updated language updated references and a brand new concluding chapter The new chapter considers pertinent changes over the past quarter of a century and the validity of the *Divided by Faith* argument for current times Combining a substantial body of evidence with a sophisticated analysis the authors throw a sharp light on the oldest American dilemma Through a nationwide survey of 2 000 people and 200 face to face interviews the authors probed the grassroots of white evangelical America They found that despite recent efforts by the movement s leaders to address the problem of racial discrimination evangelicals themselves are preserving America s racial chasm In fact most white evangelicals see no systemic discrimination against African Americans or other groups However the authors contend that it is not active racism that prevents evangelicals from recognizing ongoing problems in American society Instead it is the evangelical movement s emphasis on individualism free will and personal relationships that make invisible the pervasive injustice that perpetuates racial inequality Most racial problems the subjects told the authors can be solved by the repentance and conversion of the sinful individuals at fault As a result of using the cultural tools of their faith white evangelicals are more divided from Christians of other racial backgrounds than are those in the general public And this reality has substantial implications for American life Racial justice and reconciliation remain far over the horizon *Divided by Faith and Ethnicity* Andrea Althoff, 2014-08-22 Two unprecedented striking developments form part of the reality of many Latin Americans Recent decades have seen the dramatic rise of a new religious pluralism namely the spread of Pentecostal Christianity Catholic and Protestant alike and the growth of indigenous revitalization movements This study analyzes these major transitions asking what roles ethnicity and ethnic identities play in the contemporary process of religious pluralism such as the growth of the Protestant Pentecostal and neo Pentecostal movements the Catholic Charismatic Renewal and the indigenous Maya movement in Guatemala This book aims to provide an understanding of the agenda of religious movements their motivations and their impact on society Such a pursuit is urgently needed in Guatemala a postwar country experiencing acrimonious religious competition and a highly contentious debate on religious pluralism This volume is relevant to scholars and students of Latin American Studies Sociology of Religion Anthropology Practical Theology and Political Sciences **Up the Divide**, 1909 **The Works of Orestes A.
