Braddock, 2004 *Selected Poems* Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author's lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers' preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical of selection Because Selected Poems usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced *The Collected Poems of Kathleen Raine* Kathleen Raine, 2019-06-18 In compiling her Collected Poems Kathleen Raine drew from six decades of poetry to decide the canon by which she wished to be judged and remembered The result was this definitive edition now published by Faber Faber which on first release in 2001 was welcomed both by Raine's admirers and by those newly discovering a poet who has unfailingly given voice to a vision of life in which the temporal in all its modes and places is imbued with the numinous and the eternal Select Poems of Sidney Lanier Sidney Lanier, 1895 **The Contemporary Review**, 1921 *Ted Hughes: New Selected Poems* Neil Roberts, 2007-01-01 This book opens with a section on Hughes's life including an authoritative treatment of the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation followed by a review of Hughes's artistic strategies his poetic language and influences on his work including his openness to mythology and the poets of Eastern Europe The body of the book offers an approach to reading New Selected Poems 1995 taking in turn each of the remarkable and remarkably varied works from which the poems were selected The Hawk in the Rain Lupercal Wodwo Crow Cave Birds Season Songs Gaudete Remains of Elmet Moortown Diary River and Wolfwatching It concludes with a review of Hughes's reception and a six page bibliography The poetry of Samuel Taylor Coleridge [a selection] ed. by R. Selected Poems Joy Goswami, 2018-03-05 This collection brings together for the first time poetry from three strikingly different phases of Joy Goswami's formidable literary career: *Surjo Pora Chhai* (Ashes Burnt by the Sun, 1999), *Moutat Moheshwar Shiva My High* (2005) and *Du Dondo Phowara Matro Merely a Spurt of Time* (2011). Selected and translated by Sampurna Chatterji, this book which includes an in-depth interview with the poet introduces the English reader to the world of a poet whose language is powerful, inventive and often enigmatic. While some poems invoke a landscape that is mysterious, anguished and visionary, in others Joy Goswami achieves mischief and melancholy with the deftest of strokes.

The Art of Marvell's Poetry J. B.

Leishman, 2021-10-29 First Published in 1966. The Art of Marvell's Poetry presents J. B. Leishman's appreciation of Andrew Marvell's poems by demonstrating a sensitive understanding of attitudes peculiar to the seventeenth century and to Marvell. Leishman calls Marvell an inveterate imitator and experimenter. His success depended on originality of combination rather than originality of invention. But while such phrases as *Musick the Mosaïque of the Air*, *Desarts of vast Eternity* and *a green Thought in a green shade* were certainly inspired by others, they are distinctively and unquestionably Marvell's own. Marvell's poetry is shown to be the work of a man living at a certain moment in history; it is poetry which could not have been written at any other time, and its affinities to the work of contemporary poets are clearly demonstrated. The Art of Marvell's Poetry is a must-read for scholars and researchers of English poetry, English literature and European literature.
