## Curse Of The Self:

**The Curse of the Self** Mark R. Leary, 2004-07-29 Despite its obvious advantages our ability to be self reflective comes at a high price Few people realize how profoundly their lives are affected by self reflection or how frequently inner chatter interferes with their success pollutes their relationships with others and undermines their happiness By allowing people to ruminate about the past or imagine what might happen in the future self reflection conjures up a great deal of personal suffering in the form of depression anxiety anger jealousy and other negative emotions A great deal of unhappiness in the form of addictions overeating and domestic violence is due to people s inability to exert control over their thoughts and behavior Is it possible to direct our self reflection in a way that will minimize the disadvantages and maximize the advantages Is there a way to affect the egotistical self through self reflection In this volume Mark Leary explores the personal and social problems that are created by the capacity for self reflection and by drawing upon psychology and other behavioral sciences offers insights into how these problems can be minimized Camillus; Or, The Self-exiled Patriout Jonas B.
