The Culturally Customized Web Site Nitish Singh, Arun Pereira, 2005-04-18 In *The Culturally Customized Web Site* Nitish Singh and Arun Pereira focus on cultural aspects of international website design honing in on three objectives First to present a review and survey results on standardization localization issues on the web Second to present a scientifically tested framework to design culturally adapted international websites and provide marketers and web designers with practical web localization tools Third to show readers the power and effectiveness of culturally customized websites This is the first book to address the issue of website standardization localization or what the authors refer to as cultural customization Little evidence has been accumulated to show whether international consumers prefer to browse and buy from standardized global websites or websites adapted to local cultures *The Culturally Customized Web Site* provides insights into whether the web is a culturally neutral medium of communication or a medium impregnated with cultural values Also presented is empirical evidence as to whether local consumers prefer standardized websites or websites adapted to their culture Visit www.theculturallycustomizedwebsite.com

Beyond Design Sandra J. Keiser, Deborah A. Vandermar, Myrna B. Garner, 2022-01-01 *The Synergy of Apparel Product Development Fifth Edition* maps the processes required to bring apparel products from concept to consumer This full color text takes students step by step through the decision making involved in the pre production processes of apparel product development including business creative technical and production planning Updated chapter content reflects evolving industry practice It demonstrates how these processes must be coordinated to get the right product to market when consumers want it and at a price they are willing to pay in an increasingly digital environment The text seeks to address how functional approaches vary depending on a business s size and fashion focus More global in scope the fifth edition includes examples and case studies of multi national companies and incorporates global nomenclature when it differs from the US industry This new edition also advances its discussion of how new technologies continue to shorten the product development calendar The book is written to help students anticipate the chaotic pace of change not only in fashion trends but also in the fashion system itself

Seasoned Musicians Playing Beyond the 5th Decade Warren Brodsky, 2025-07-15 When you attend a live classical music concert have you noticed that the players are both younger and older musicians The younger members are clearly competent players having received their position in the orchestra after a series of auditions and a trial period but what about the older players How do they keep up with the younger musicians After all the differences in the musicians ages might be as much as 20 to 30 years Does age related wear and tear take a toll on the performance related skills of orchestra players *Seasoned Musicians Playing Beyond the 5th Decade* investigates the Symphony Orchestra lifestyle and its relationship with ageing The book is based on over 50

interviews with professional Symphony Orchestra musicians from the BBC Philharmonic Orchestra and the Halle Orchestra in the UK the Jerusalem Symphony Broadcasting Orchestra and the Israel Sinfoneitta Orchestra in Israel and the Freiburg Philharmonic Orchestra in Germany as well as finger tapping exercises a think aloud protocol during deliberate practice and a music performance analysis It explores the attitudes perceptions and experiences of orchestra musicians and the resilience of seasoned musicians to ageing The book is divided into four parts Part I delineates the background and foreground of the orchestra musician Part II outlines various considerations of ageing in a music performance career Part III explores the performance abilities of musicians through empirical tasks Part IV finds meaning in the study of seasoned musicians This investigation into the vicissitudes of ageing and the orchestral community suggests there is a more positive and successful process of ageing than previously imagined
