The Currents of Space Isaac Asimov,1985-12-12 High in their fortified city protected by brutal mercenaries the Sarkites live in magnificent luxury Below them in the eternal Spring of Florina the most beautiful planet in the Galaxy the native Florinians labor ceaselessly in dire poverty to produce the precious kyrt fiber that brings wealth to their masters the Squires of Sark Suddenly there is a cryptic warning from space The Currents of Space Isaac Asimov,2020-09-01 The second book in the Galactic Empire series the spectacular precursor to the classic Foundation series by one of history's most influential writers of science fiction Isaac Asimov Trantor had extended its rule over half the Galaxy but the other half defied its authority defending their corrupt fiefdoms with violence and repression On the planet Florina the natives labored as slaves for their arrogant masters on nearby Sark But now both worlds were hurtling toward a cataclysmic doom and only one man knew the truth a slave unaware of the secret knowledge locked inside his own brain Rik had once been a prominent scientist until a psychic probe erased all memories of his past Now he was a humble laborer in the kyrt mills of Florina Then the memories began to return bringing with them the terrible truth about the future a truth that his masters on Sark would kill to keep secret even at the cost of their own survival **The Currents of Space** Isaac Asimov,2009-04-27 An oppressed laborer on the planet of Florina Rik resigns himself to a life of hard work and the poor regard of people who believe him to be mentally impaired before he begins to recover memories of an imminent disaster **Isaac Asimov** Isaac Asimov,1952

**Isaac Asimov** Joseph D. Olander,Martin Harry Greenberg,1977 **Reprint** Bell Telephone Laboratories,1925 A Columbus of Space Garrett Putman Serviss,1911 I am a hero worshiper an insatiable devourer of biographies and I say that no man in all the splendid list ever equaled Edmund Stonewall You smile because you have never heard his name for until now his biography has not been written And this is not truly a biography it is only the story of the crowning event in

Stonewall's career Really it humbles one's pride of race to see how ignorant the world is of its true heroes Many a man who cuts a great figure in history is after all a poor specimen of humanity slavishly following old ruts destitute of any real originality and remarkable only for some exaggeration of the commonplace But in the case of Edmund Stonewall the world cannot be blamed for its ignorance because as I have already said his story remains to be written and hitherto it has been guarded as a profound secret I do not wish to exaggerate yet I cannot avoid seeming to do so in simply telling the facts If Stonewall's proceedings had become Matter of common knowledge the world would have been I must speak plainly revolutionized He held in his hands the means of realizing the wildest dreams of power wealth and human mastery over the forces of nature that any enthusiast ever treasured in his prophetic soul
